

Empowering Futures ▶ Transforming Lives

Through our **Bold Vision Campaign**, Holy Family University is driving transformational change, building on our historic commitment to provide an affordable, values-based, high-quality education that prepares students for success in life and career.

Holy Family is a national leader in social and economic mobility, recognized by the Carnegie Institute among the top 15% of colleges and universities nationwide, for "higher access, higher earnings." More than half of our students are the first in their families to attend college, with over 90% of those students receiving financial assistance.

Furthermore, Holy Family University is a leader in fiscal health, touting a \$188 million economic impact on the Pennsylvania economy and an A- Standard & Poor's credit rating for four consecutive years.

Bold Vision places students at the center. Strategic initiatives include:

- **Expanding Student Scholarships**, including our Tiger Completion Scholarship, which ensures that more students finish their degree and graduate.
- **Launching innovative, market-driven programs** and certificates in healthcare, business, technology, and education, and providing internships for all students.
- **Transforming Holy Family Hall** with the new Welcome Center, a 10,000-square-foot addition for student services and community life.
- Growing in Bucks County with our Newtown West Campus, creating

an **Innovation Center** and a new **Nursing Simulation and Clinical Training Center** for high-demand programs in healthcare, life sciences, cybersecurity, and entrepreneurship.

- Upgrading our nationally ranked Nursing Program in Philadelphia, by improving our facilities to be **state-of-the-art learning spaces**.
- Establishing **endowed chairs and professorships** to retain and recruit talented faculty.
- Establishing a **Center for First-Generation Students** to ensure every student has the support to thrive and graduate.
- Expanding the Athletics footprint with the **Metz Family Fieldhouse**.

We invite you to partner with us in this Bold Vision.

Your support fuels opportunity, transforms lives, and ensures Holy Family's legacy of excellence continues for generations to come.
