Reimagining and Expanding Holy Family's Signature Building *Holy Family Hall Welcome Center*

Located in the heart of campus, Holy Family Hall, the University's signature and oldest building, is preparing for a dramatic renovation that will be the largest on-campus construction project since the opening of the Sister Francesca Onley, CSFN Education and Technology Center in 2005.

Plans call for a 10,000 square-foot addition to the front of Holy Family Hall, transforming its exterior public facing facade and providing valuable new spaces to meet the needs of our expanding university. This addition will include an attractive new glass atrium that will stretch from Holy Family Hall to the Nurse Education Building and will significantly enhance the public face of the University.

It will connect the student services offices of Holy Family Hall and create a hub for students to access the Registrar, Student Accounts, Student Advising and Financial Aid. The Welcome Center will also include 5,800 square feet of community space including a conference center for larger campus receptions and public gatherings.
