

HOLY FAMILY UNIVERSITY

Corporate Partnership Program

Holy Family welcomes organizations of all sizes to join our Corporate Partnership Program. With campuses in both Northeast Philadelphia and Newtown, Bucks County, Holy Family is committed to the success and growth of the communities we serve.

Our Corporate Partnership Program is a no-cost, non-exclusive agreement designed to provide benefits for local employers and the community at large.

Benefits of Partnership

Reduced Tuition Rate

- A 15% tuition reduction for qualifying programs for employees and spouses.
- Waived application fees.

Holy Family University is proud to offer a reduced tuition rate on qualifying programs to employees and spouses of partner institutions. This offering is the perfect fit for organizational partners that value the personal and professional growth of their employees through education and who are looking to build employee retention and career advancement opportunities. Programs that are already discounted at a rate greater than 15% will be priced at the higher discount rate.

Access to Talented Graduates for Full-Time Employment

Preferred access to Holy Family University's Career Development Center team that can serve as an extension of your human resources department, working directly with you to locate the talent you need. The staff will send resumes of pre-screened candidates directly to you, making the candidate search more streamlined and direct.

Opportunities to Host Internships, Clinical Rotations, and Student Teachers

Corporate Partners have the opportunity to host student interns from all subjects: nursing, education, business, arts and sciences. The Internship process is quite simple. You will work directly with the Director of Experiential Learning to locate the talent your organization is looking for. Consider Experiential Learning an extension of your Human Resources department. Our objective is to place students in a setting that makes sense for your business and also for the student.

Employers appreciate working with student interns, offering a chance for them to explore their field of study in a real-world setting. Some businesses have small projects and needs that an intern student would be ideal for. While other businesses utilize the student intern experience as a condition of permanent employment. Whether your objective is to be afforded the opportunity to become a mentor for a young professional or to complete a small project, the Experiential Learning department can assist you with this.

Preferential Rates for Facility Rentals

Holy Family University welcomes space rentals from non-affiliated and outside organizations planning conferences, meetings, and other events. Easily accessible from all parts of the Greater Philadelphia Region, Holy Family offers a variety of spaces for events of all sizes at our two campuses in Northeast Philadelphia and Newtown. Amenities include free parking, multiple spaces with built-in projectors and screens, wireless Internet access at no cost, in-house catering, and technology services.
