

COVID-19 VACCINATION EXEMPTION REQUEST AY22-23

CONSIDERATION OF EXEMPTION

Vaccination exemption provides only that students may attend in-person, on-campus courses, seek student support services and participate in on-campus student engagement opportunities, regardless of vaccination status, for the '22-'23 academic year. Additional information on the scope of this exemption is outlined below:

- The vaccine exemption applies solely to the verification of COVID-19 vaccination for on-campus, in-person academic course attendance, on-campus student support services, residential living requirements and interscholastic and intramural/club team participation.
- Students entering third-party sites for practicum, clinical, or internship work must follow guidelines implemented by those entities. University exemptions do not apply to sites outside of the University's purview.
- Exemptions cannot be applied to any other activity for which vaccination is required, even if such activity is related to your enrollment at the University. Your vaccine exemption may subject you to exclusion from certain campus related activities, including internships, student teaching assignments, and clinical site participation, at the sole discretion of Holy Family University, in the event vaccination is required for participation.
- Holy Family University will aim to accommodate academically any absences from campus due to a communicable disease. Nevertheless, Holy Family University will not be responsible for any costs associated with missed classes or exclusion from academics during the period of communicability.
- Access to remote learning is not a provision of this exemption.
- Residential Students: Required to show proof of a negative test prior to being approved for move-in and at any time in which re-entry to the residence hall is required upon return from a following campus closures. Required to follow all guidelines as related to COVID-19 response, testing and risk mitigation efforts. This may include required surveillance testing.
- The University reserves the right to require surveillance testing for those who are unvaccinated. The University will communicate further information and test access details to exempt students via University email throughout the academic semester, should testing requirements be recommended or changed.
- Student Athletes: Required to follow all guidelines as related to COVID-19 response, testing and risk mitigation efforts. This may include required surveillance testing.
- Requests for COVID-19 vaccination exemptions will be required annually.

COVID-19 VACCINATION EXEMPTION REQUEST FORM AY22-23

Last name	First name	DOB (month day year)	Student ID Number
Address		Cell Phone Number	
University email address:			
Select/Highlight your campus location(s): Philadelphia Main Campus Newtown Campus			
Select/Highlight (if applicable): Student Athlete (NCAA) Residential Student Club Sport Member			

Holy Family University requires that all students be fully vaccinated against COVID-19 and have received the COVID-19 Booster prior to July 30, 2022, unless prohibited from doing so under applicable federal, state, or local law. The University requires vaccination verification indicating a person is fully vaccinated and has received the Booster shot. Fully vaccinated is defined as having received two doses of the Pfizer or Moderna vaccine or the one-shot Johnson & Johnson's vaccine.

Medical or religious exemptions to Holy Family University's COVID-19 vaccination requirement will be granted based on the specific circumstances of each request. Exemption requests will be evaluated on a case-by-case basis and are not automatic. Based on the student's statement (or the student's parent/legal guardian's statement if the student is a minor) and documentation, the Dean of Students or a member of Health Services may follow up with additional questions. Any student who has requested an exemption will be notified by email once the request has been reviewed and approved or denied.

I am requesting an exemption from the vaccination requirement on the basis of:

_____ **Religious Exemption** – Objection to the vaccination on the basis of a sincerely held religious belief. A religious exemption is not the same as a political, sociological or conscientious exemption. ***Please attach/provide a statement that describes your sincerely held religious belief which prevents you from receiving a vaccination.*** The University reserves the right to seek additional supporting documentation or information, as appropriate.

_____ **Medical Exemption** – Medical exemptions for the COVID-19 vaccine will be considered upon receipt of written certification by a licensed, treating medical provider [namely a physician (MD or DO), nurse practitioner (NP), or physician's assistant (PA)]. A statement from a medical provider explaining the medical contraindication is required for a medical exemption, including the time period for which the exemption is valid. Medical exemptions will be reviewed annually and any student who no longer has a valid and documented medical reason for the exemption will be required to receive and document the required vaccination.

_____ Initials	Verification of Accuracy: I verify that the information I am submitting in support of my request for an exemption is complete and accurate to the best of my knowledge. I understand that any intentional misrepresentation contained in this request may result in disciplinary action.
_____ Initials	Medical Release (if applicable): I hereby authorize my medical provider to release my medical information to Holy Family University for the purpose of engaging in the interactive decision-making process in response to my vaccination exemption request. I understand that I may revoke this authorization in writing at any time.

I understand that my vaccine exemption for either medical or religious reasons may subject me to exclusion from campus and/or certain campus related activities, at the sole discretion of Holy Family University, in the event of an outbreak of a disease for which vaccination is required. I agree to follow all policies and procedures outlined in the COVID-19 Addendum to the University's Student Code of Conduct, as outlined in the Student Handbook. I further understand that while Holy Family University will aim to accommodate academically any absences from campus due to a communicable disease, Holy Family University will not be responsible for any costs associated with missed classes or exclusion from housing during the period of communicability. I acknowledge that no refund of such costs will be made, including periods of quarantine that students choose to complete off-campus. I further understand that, by requesting an exemption to the COVID-19 vaccine requirement, I agree to release Holy Family University, its officers, trustees, employees, students, and agents from any costs or liability associated with any illness, injury, or costs I may incur (including death) due to my failure to obtain a vaccination as required by Holy Family University.

COVID-19 VACCINATION EXEMPTION REQUEST FORM AY22-23
FOR MEDICAL EXEMPTION: TO BE COMPLETED BY THE STUDENT'S MEDICAL PROVIDER

Student Last Name	Student First Name	Student DOB (month day year)
-------------------	--------------------	------------------------------

Attention: Medical Provider

Holy Family University requires that all students be fully vaccinated against COVID-19 and have received the COVID-19 Booster prior to July 30, 2022. The above-named student is requesting an exemption from this vaccination requirement. A medical exemption from the COVID-19 vaccination may be allowed for certain recognized contraindications.

Medical Exemption: Medical exemptions for the COVID-19 vaccine will be considered upon receipt of written certification by a licensed, treating medical provider [that is a physician (MD or DO), nurse practitioner (NP), or physician's assistant (PA)]. A statement from a medical provider explaining the medical contraindication is required for a medical exemption, including the time period for which the exemption is valid. Medical exemptions will be reviewed annually and students who no longer have a valid or documented medical reason for the exemption will be required to receive and document the required vaccinations.

Should you have any questions, please contact Holy Family University Health Services at healthservices@holyfamily.edu / 267-341-3262 or Dean of Students Office at dos@holyfamily.edu / 267-341-3204.

The above-named student should not be immunized for COVID-19 for the following reasons (Please check all that apply):

	History of previous allergic reaction to indicate an immediate hypersensitivity reaction to a component of the vaccine.
	The physical condition of the person or medical circumstances relating to the person are such that vaccination is not considered safe. <i>Please provide in a separate narrative the specific nature and probable duration of the medical condition or circumstances that contraindicate vaccination with the COVID-19 vaccine.</i>
	Other – <i>Please provide this information in a separate narrative that describes the exemption in detail.</i>

Recommended time period for exemption: _____

The undersigned hereby certifies that the above-named student has the noted contraindication(s).
