RN-BSN: Bachelor of Science in Nursing

Program Overview
Holy Family University and its School of Nursing and Allied Health Professionals recognize the diverse education and clinical backgrounds of registered nurses. The nursing curriculum focuses on the development of management and leadership skills, culture-sensitive health care, individual and family assessment skills, and research in the nursing practice. Graduates of the RN-BSN program are prepared to progress to advanced practice programs at the graduate level, e.g., MSN or BSN-DNP programs.

Courses are held once a week in an eight-week blended format.
- On-site cohorts are held in the evenings at our Bensalem site, conveniently located at 1311 Bristol Pike, Bensalem PA 19020.
- Off-site cohort opportunities are available at your work location with discounted tuition. A cohort is a tight-knit learning community of students, usually 15-20, enrolled throughout their entire academic program. Contact 267-341-3327 to learn more about RN-BSN cohorts.

Generous Transfer Policy
Up to a maximum of 75 credits may be accepted from a 2 year institution and/or 90 credits from a 4 year institution.
