About the University

University Mission
Holy Family University, a ministry of the Sisters of the Holy Family of Nazareth, offers education in the liberal arts and professions through graduate, undergraduate, and non-degree programs. As a Catholic University, Holy Family seeks direction and inspiration from the life and teaching of Jesus Christ, affirms the values of the Judeo-Christian tradition, and witnesses to the dignity of each person and the oneness of the human family. Holy Family University educates students to assume life-long responsibilities toward God, society, and self.

The following core values inform the University as it seeks to carry out its Mission:

Family. Holy Family University welcomes and cares for students, faculty, and staff as members of a diverse but interconnected family. A community united by a common Mission, the University promotes an atmosphere of mutual concern and attention to the spiritual, intellectual, social, emotional, and physical needs of all those whom it serves.

Respect. Holy Family University affirms the dignity of the human person through openness to multiple points of view, personalized attention, and collaborative dialogue in the learning process and in the interaction among members of the University community. The University seeks to instill appreciation of and respect for differences so that its graduates can function successfully in multicultural contexts.

Integrity. Intent upon forming persons of integrity who recognize the importance of life-long learning, Holy Family University advocates free and conscientious pursuit of truth and the responsible use of knowledge. It bases education upon a foundation in the liberal arts that highlights the humanities and the natural and social sciences. In keeping with the teachings of the Catholic Church, concern for moral values and social justice guides the University in designing programs and activities.

Service and Responsibility. Holy Family University incorporates its motto, Teneor Votis ("I am bound by my responsibilities"), into curricular, co-curricular, and extra-curricular programs. Reflecting this motto, educational experiences at the University apply theory to practice and course content to serving human needs. The University educates individuals to become competent professionals and responsible citizens.

Learning. Holy Family University seeks to instill in its students a passion for truth and a commitment to seeking wisdom. It promotes values-based education, creative scholarship, informed and imaginative use of research and technology, and practical learning opportunities such as co-operative education and internship programs. The University seeks to strengthen ethical, logical, and creative thinking; to develop effective communication skills; to nurture an aesthetic sense; and to deepen global, social, and historical awareness.

Vision. Holy Family University envisions learning as a dynamic and fruitful exchange between traditional sources of wisdom and contemporary developments in knowledge. Throughout the teaching and learning process, the University seeks to embody Christian philosophical and theological perspectives. It offers an education grounded in a Judeo-Christian worldview that serves as a foundation upon which to address contemporary problems and to build a vision for the future.

(Approved by the Holy Family University Board of Trustees, November 2000.)
The University Motto
The motto of Holy Family University is Teneor Votis, “I am bound by my responsibilities.” This is often interpreted to mean, “I am expected to give in return for all I have received.” In keeping with this motto, the University encourages its students to participate in community service programs.

The University Seal
At the center of the seal of Holy Family University is a shield over which hovers a dove, representing the Holy Spirit. The shield portrays three discs with crosses that honor the Trinity. The tower stands for Mary, the Mother of God, the Tower of David, and the Woman clothed in Light. Also, the tower accentuates the role of Holy Family University students and alumni as that of a tower of light and strength to others. The carpenter’s square in the form of a chevron behind the tower represents St. Joseph the Worker. Taken together, the chevron, the tower, and the three discs symbolize the Holy Family of Jesus, Mary, and Joseph, the exemplar of all families.

University Colors
Pantone 2945 (Dark Blue), Pantone 299 (Light Blue), and white are the University colors.

University Ring
Second semester juniors are eligible to order the Holy Family University ring. The stone of the traditional women’s ring is white opal, and the stone of the men’s ring is aquamarine sunburst. Rings may be purchased through the University bookstore.

University Prayer
The suggested opening prayer before classes is as follows:
Lord, God of all creation, we place ourselves in Your presence. Strengthen us with the love and the wisdom of Your Spirit. Open our hearts to receive the gifts You have promised: peace, joy, and the fullness of life. We ask this through Christ, our Lord. Amen.
I. General Information

ACADEMIC REGULATIONS

Academic Load
The normal credit load for an undergraduate full-time student is from 12 to 18 semester credit hours, during each of the Fall or Spring semesters. No more than two courses for a maximum of eight credits may be taken during a single Summer Session. Credit load varies with the student’s specific curriculum and record of achievement. Approval to carry credit hours in excess of the maximum load per semester is granted by the School Dean in the student’s area of concentration. Such approval will be given only to those students whose academic record gives evidence of their ability to do superior work. The current part-time tuition per credit will be charged for credits exceeding 18 per semester during the Fall and Spring semesters.

Class Attendance
Students are expected to attend all classes and laboratory sessions regularly and may not absent themselves except for illness or some other serious matter. Absences in any semester equal to twice the number of weekly contact hours of a given class are deemed excessive. Final grades and/or receipt of academic credit may be jeopardized by excessive absences. Students who never attend classes will be administratively withdrawn from courses, and students should be aware that such action can affect financial aid eligibility in current and/or future semesters.

Students are also expected to meet their usual class responsibilities set by the University calendar for the beginning of a vacation period. They may not extend their vacation beyond the date assigned for return to the University without the approval of the School Dean in the area of concentration.

Students who attend class for any amount of time and do not officially and personally drop/withdraw from courses through the Registrar’s Office will be assigned a failing grade at the end of a given semester. Retroactive withdrawals will not be applied in those instances in which students do not drop/withdraw from courses as required by the University.

Evaluation of Students in Courses
A student's standing at the close of the semester is determined by the results of class work, tests, assignments, and final examinations. All forms of course assessment, as well as class work and independent assignments, are scheduled at the discretion of the instructor.

Students are required to take final examinations at the time they are officially scheduled; failure to do so may result in an Incomplete (I) grade in the course. The student is responsible for having the I grade changed within the allotted time (one month from the last examination date), after which time it becomes a F grade. Anticipated or deferred examinations are given only when a student has circumstances necessitating schedule adjustment and must have the approval of the instructor and the appropriate School Dean. Deferred examinations are scheduled through the Dean/designee of the respective School so that all course requirements are completed within the given semester.

Reports are made on first-time freshman students at mid-term during the first semester. These reports are for the information of the Registrar, the students, and their advisors. Mid-term reports are not part of the permanent official record. Final grades are issued to all students by mail from the Registrar’s Office at the end of each semester and are part of the student’s permanent official record.

Grading
The official grading system is as follows:

94-100=A 4.0 grade points per semester hour
90-93=B+ 3.5 grade points per credit hour
86-89=B 3.0 grade points per credit hour
81-85=C+ 2.5 grade points per credit hour
77-80=C 2.0 grade points per credit hour
73-76=D+ 1.5 grade points per credit hour
70-72=D 1.0 grade points per credit hour

Below 70=F 0 grade points
F indicates inadequate or unsatisfactory attainment. It signifies that the student is capable of doing or understanding the work or has made little or no effort to do so.

A is an honor grade. It is not automatically given to a student who ranks highest in the class and is reserved for accomplishment that is truly distinctive and decidedly outstanding. This grade represents a high degree of attainment and demands evidence of originality, independent work, an open and discriminating mind, completeness, accuracy, and effective use of knowledge.

B is a grade that denotes achievement considerably above the acceptable standard. It involves excellence in many aspects of the work, such as initiative, serious industry, and the ability to organize work, to comprehend and retain subject matter, and to apply it to new problems.

C indicates a satisfactory degree of attainment and is the acceptable standard for graduation. A C grade implies familiarity with the content of the course, evidence of improvement in the work of the course, and the ability to express oneself in intelligible English. A C grade requires full participation in the class work, completion of assignments on schedule, and making up work missed because of absence.

D denotes a limited mastery of subject matter. It signifies work which in quality or quantity falls below the acceptable standard. It is, however, of sufficient weight to be counted in the hours for graduation if balanced by superior work in other courses. This grade is usually not accepted by another university if the student transfers.

Below 70=F 0 grade points
F indicates inadequate or unsatisfactory attainment. It signifies that the student is not capable of doing or understanding the work or has made little or no effort to do so.

The official grading system is as follows:

94-100=A 4.0 grade points per semester hour
90-93=B+ 3.5 grade points per credit hour
86-89=B 3.0 grade points per credit hour
81-85=C+ 2.5 grade points per credit hour
77-80=C 2.0 grade points per credit hour
73-76=D+ 1.5 grade points per credit hour
70-72=D 1.0 grade points per credit hour

Below 70=F 0 grade points
F indicates inadequate or unsatisfactory attainment. It signifies that the student is capable of doing or understanding the work or has made little or no effort to do so.

Below 70=F 0 grade points

NG = No grade. I indicates incomplete work. If it is not removed within one month of the examination date, it becomes an F grade.
P = Pass; credit given for restricted courses at no quality points.
AU = Audit; carries no credit.
W = Authorized late drop until one month preceding the final examination.
P, I, AU, and W do not enter into computing the student's grade point average (GPA). No course may be dropped within one month of the beginning of the final examination period.

Grade Point Average
A student’s academic standing is measured by the grade point average (GPA). The final step in ascertaining this average is to multiply the number of credit hours attempted by the grade point value of each letter-grade received. The sum of these equals the total grade points the student has earned. The GPA is obtained by dividing the total grade points by the total number of credit hours.

Academic Standing
The academic standing of all students is reviewed at the end of each semester. Notice of any academic deficiency is given in writing by the Vice President for Academic Affairs to the respective students.

To be considered in good academic standing, every student must maintain a GPA of 2.0. Some programs will require the student to attain a GPA of 2.5 or higher in order to be accepted officially into these schools. Medical technology students must maintain the average predetermined by the hospital where they will complete their internship. Please see the Financial Aid section of the Undergraduate Catalog for scholarship renewal requirements.

Probation
Students whose cumulative average falls below the required GPA of 2.0 are placed on probation. Probation serves as a serious warning to all concerned that the student’s academic work is unsatisfactory and that definite improvement is necessary if the student is to continue in the University. Students on probation should arrange for a conference with an academic advisor in the Academic Advising Center before continued registration. Full-time and part-time students must raise the cumulative GPA to 2.0 within the equivalent of two full semesters or face academic dismissal. Probation may also affect financial aid. For further details, see the Financial Aid section of the Undergraduate Catalog.

Students in the School of Education and the School of Nursing and Allied Health Professions should review specific program requirements concerning continuation and academic standing for programs in these schools as presented in the Undergraduate Catalog and in relevant handbooks published by each of the schools.

Dismissal
Continued failure to maintain a C average normally results in dismissal from the University. Generally, students dismissed for academic reasons are asked not to return to the University unless an intervening semester indicates substantial improvement in academic performance and a more mature approach to the responsibilities of university life. This improvement should be indicated in a letter addressed to the Vice President for Academic Affairs. An application for readmission to the University should also be completed and submitted to the Registrar.

Holy Family University Policy
A partial qualifier is eligible to:

• Practice only with Holy Family University’s athletic teams on campus or regular practice facility. A partial qualifier is not eligible for competition during their first academic year in residence.
• Athletics aid is not permitted to be offered to a partial qualifier without prior approval from Holy Family University’s Director of Athletics.

Non-Qualifier
A non-qualifier has not graduated from high school or does not meet the NCAA eligibility indices for a qualifier or partial qualifier. Under NCAA regulations, a non-qualifier is not permitted to:

• Practice;
• Compete; or
• Receive athletics aid from Holy Family University during his or her first year in residence.
Continuing Athletics Eligibility
Student-athletes must earn at least 24 credits or more and achieve a minimum cumulative grade point average of 2.0 prior to the beginning of the upcoming fall semester to participate in intercollegiate athletics. Eighteen (18) of the 24 credits must be earned during the regular academic year (e.g. Fall and Spring semesters).

In conjunction with the Registrar’s Office, the Assistant Director of Athletics for Compliance will certify the academic eligibility of all student-athletes prior to the start of the fall term.

All student-athletes must achieve the following in the previous full-time term to be eligible for intercollegiate athletics at Holy Family University at the beginning of each academic term:
1. Successful completion of nine academic credits in the previous full-time term of attendance; and
2. Achievement of a 2.0 cumulative grade point average, or be in good academic standing.

Normal academic progress as defined by the University in credit hours and grades is:
1. Normal progress – completion of 12 credit hours per semester
2. Cumulative grade point average-2.0. By their fifth semester, a student-athlete must be matriculated in an established degree or certificate program.

In addition, student-athletes must be compliant with additional NCAA and Holy Family University requirements including the following:
• All participants must retain their amateur status.
• Student-athletes are limited to 10 full-time semesters to participate in four seasons of competition in a particular sport.
• Each year student-athletes submit Holy Family University medical forms prior to participation in any athletics program. Participation may not occur without a physician’s clearance for unlimited activity.

Any student-athlete who does not meet all applicable academic eligibility requirements after the fall term, including current freshmen student-athletes, will be ineligible for competition in the upcoming spring term. Student-athletes who become ineligible after the completion of the spring term may take summer courses to satisfy their academic deficiencies [at their own expense] to regain their eligibility for the upcoming fall term (refer to the Student-Athlete Handbook for a more detailed description of requirements).

Student-athletes who become ineligible will be notified in writing by the Assistant Director of Athletics for Compliance of their status and what measures need to be taken for them to regain their eligibility.

Cancellation of Athletics Aid
Should a student-athlete become ineligible for intercollegiate athletics, any athletics aid the ineligible student-athlete was awarded for the academic year will be reduced proportionally for the remaining term and canceled for the upcoming term, if applicable. The Financial Aid Office will notify the student-athlete, in writing, of the cancellation for the upcoming term.

Extended hours at the beginning of each semester will be posted approximately two weeks before the start of classes.

Newtown students can take advantage of our flat rate shipping. Use coupon code NEWTOWN (order must contain a Newtown course code).

Textbook Purchases
Textbooks are available for purchase two weeks before the start of each semester. The store carries as many used books as possible, which cost approximately 25 percent less than new books.

Textbook returns must be made within one week after classes begin from the first day of each semester to receive a full refund. Books must be in all original packaging. A receipt must accompany returns.

Sell Back Your Books
Bring your purchased books back to the bookstore for cash during the week of finals. A valid Holy Family ID is required.

Textbook Rentals
The bookstore offers a textbook rental program. Certain book titles are available for rent for the entire semester and are due back on the last day of the semester. The due date will also be stated on the receipt at the time of purchase. A reminder email will be sent out as well.

Book rental prices are about 50% less than the new price of books. They can be treated as normally purchased books (such as notetaking, highlighting, etc.), but no wear or tear (such as water damage, spine damage, missing pages, etc.) can be done to the book. You may not sell the rented book back to the store—only return it back to the bookstore.

At the time of purchasing a rental, a credit card must be kept on file in case the rental is not returned. If books are not returned, a replacement fee will be charged to the card. The replacement fee is the full price of the book plus a processing fee.

The cost of the rental may be paid for with any accepted tender.

Price Matching
The Bookstore offers price matching for certain titles. We price match rentals or purchased books with Amazon, bn.com and some other local competitors. The program does not include online marketplaces like “other sellers” on Amazon and BN.com Marketplace, or peer-to-peer pricing. Price matching applies to same-condition items, used book to used book, new book to new book, used rental to used rental and new rental to new rental. Contact us for more information and our booksellers will be happy to verify your price match.

Bulletin Boards
Bulletin boards are located in the corridors of the Campus Center, Education Technology Center, Holy Family Hall, Library, Nurse Education Building, and Stevenson Lane Residence. All bulletin boards in Stevenson Lane Residence are for Residence Life purposes only (unless given specific permission from the Residence Coordinator), and no other

All students and University personnel are responsible for reading the information contained in the notices and bulletins posted. To post or request advertising approval, please follow the University’s Posting and Advertising Policy.

Our goal is to not only support their short-term needs of locating an internship opportunity, but also to prepare the student for their future as a young professional, through Career Services. Students are able to attend a workshop series that includes resume building, cover letter writing, interview etiquette and building a long-term career plan.

To obtain more information or to schedule an appointment, call the Director of Career Development at 267-341-3201. The Career Development Center is located on the second floor of the Campus Center, Northeast Campus; hours are Monday-Friday, 8:00 am to 4:00 pm.

Counseling Center
Confidential and free counseling services are offered through the Counseling Center by licensed professional counselors. Services are both free and confidential and are designed to assist students in achieving a personally and an academically rewarding experience through supporting students' mental health and emotional needs at Holy Family University.

Services include individual and couples counseling, and group counseling is offered on a short-term basis. Off-campus referrals may be recommended as adjunctive treatment or if a student needs a higher level of care than can be provided through on-campus services. All information shared with the Counseling Center Staff is confidential. No information will be released without the student's consent, unless the student poses an immediate threat to themselves or others.

The Counseling Center is located on the second floor of the Campus Center on the Northeast Campus, and can be reached by calling 267-341-3232. Students are encouraged to make an appointment with the Counseling Center online at www.holyfamily.edu/counseling. Dining Services Policies
1. ID Cards must be presented for all meal plan and campus dollar dining transactions. We cannot accept a student ID number for manual entry.
2. Meal plan privileges are non-transferable. Both parties may be subject to disciplinary action.
3. Shirts and shoes must be worn in all dining locations to meet all health and safety guidelines.
4. Please be respectful of your surroundings. Properly dispose of your trash in provided receptacles.
5. Your language, tone and volume contribute to a pleasant dining atmosphere. Failure to meet this policy may result in disciplinary action.
6. Music from portable devices is not permitted within the Tiger Café service area at any time.
How does the meal plan work?
A meal plan consists of a prepaid amount of meals per week with bonus Dining Dollars. To utilize your meal plan, a person will swipe an ID Card at any of the Dining Services locations, including the Cub Cafe and the Tiger Cafe. For example, a student with a 14-meal plan is assigned 14 meals per week and $100 in Dining Dollars. Meal plans start on Friday and end on Thursday evening. The number of meals does not carry over from week to week. If a student would like to purchase more than the defined meal, they can supplement the extra cost through their Dining Dollars, Flex Money, and/or cash at the register.

Dining Plan Options
- All meal plans and points may only be redeemed at the Tiger Café or the Cub Café. You are permitted up to 3 swipes Monday thru Friday and 2 swipes Saturday and Sunday, any period. Bonus dining dollars may be used at vending machines.
- A meal plan for breakfast and lunch at the Tiger Café consists of one entrée, two sides, one dessert and one fountain drink for a one-time pass. Fountain beverage refills are not permitted for breakfast or lunch.
- A meal at the Cub Café consists of one on-the-go option, one dessert and one fountain drink for a one-time pass. Fountain beverage refills are not permitted for breakfast or lunch.
- Takeout service: For those students on a meal plan who choose to dine outside the Tiger Café area, takeout containers are available. Takeout service is available for all meal periods. Meal plan students are not permitted to eat-in and then request a take-out container for leftovers. Takeout service is “take and leave” the café area.
- Monday thru Friday lunch and dinner, as well as Saturday and Sunday brunch and dinner, offer unlimited eat-in service.
- For takeout service, you are entitled to only one takeout container during any meal period. Takeout containers are not permitted for additional left over eat-in plate food.
- A meal at the Cub Café consists of one on-the-go option, one dessert and one canned soda, water, or bottled milk.
- A swipe plan at the Tiger Cafe consists of one entree, 2 sides, soup or salad, dessert, and one fountain beverage.
- A swipe plan at the Tiger Cafe consists of one entree, 2 sides, soup or salad, dessert, and one fountain beverage.
- All first-year students are required to purchase the 14 or 19 swipe meal plan.
- All residents living in Stevenson Lane Residence must choose either the 10 or 14 swipe meal plan.
- Meal Plan Dining Dollars are not included in the daily rate. Meal Plan Dining Dollars will be invoiced as spent.
- Unused Meal Plan Bonus Dining Dollars do not roll from the fall semester to the spring semester for students staying on a meal plan.
- Unused Meal Plan Dining Dollars will be invoiced at the end of the Academic year.
- Faculty, Staff and Commuter Students may purchase any of the meal plans or set up a dining card (Flex Dollars) for use at the Tiger Café or the Cub Café.

How it works
1. buy an appropriate level plan
2. charge it to your account
3. access conveniently with your University ID
4. available for fall and spring semesters

Purchasing the Plan
The Swipe Plans may be purchased at the Business Office and charged directly to your University account. Both undergraduate and graduate students are eligible for the Swipe Plans. The plan will be added to your semester bill once your bill is generated by the Business Office. Fall bills are prepared beginning in mid-July and spring bills in early November.

Unused Funds
Unused funds carry over from fall to spring semester. Any remaining funds at end of school year are non-refundable.

What is the difference between Dining Dollars and Flex Dollars?
Dining Dollars is a fixed bonus amount included in the meal plan designed to give a student flexibility in spending in the Dining Services Areas. Dining Dollars can only be used in Dining Services Areas and Vending Machines. Dining Dollars included with your Meal Plan expire at the end of each semester. Unused Dining Dollars that are purchased in addition to your meal plan will expire at the end of the school year.

Flex Dollars is a separate flexible spending account through the Business Office designed to give students the ability to have a fixed amount on their ID Card without having to carry physical cash around campus. The Flex Dollars can be used in any Dining Service Areas as well as the Bookstore, vending machines, and the business office. To place Flex Dollars on your card, please contact the Business Office. At the end of the year, any remaining Flex Dollars balance above $10 will be refunded, upon request. The University is not responsible for lost or stolen cards. Please immediately contact the Student ID Office, located in ETC 105, to report any lost or stolen ID Cards in order to stop all future transactions. Remember to safeguard your ID Card.

Special Dietary Considerations
We strive to be conscious of all allergen and dietary needs. If you have a dietary or allergen restriction, we ask that an individual contact a Dining Services Manager when you arrive on campus to determine what we may do to alter recipes to meet your needs. Dietary requirements for religious reasons are given consideration. Facilities cost and time guide determination of specific arrangements.

Student Job Opportunities
Student team members are very important to us. We have part-time positions available, particularly in our Catering Department. Visit the Parkhurst/Dining Services office in the Campus Center to learn more about available opportunities.
Catering
Catering services can be provided for campus events. Please contact the Parkhurst Catering Department at 267-341-3459/3263 for more information.

From Home with Love
From Home with Love are care package gifts for any member of the Holy Family community. Pick up an informational brochure at Tiger Café Dining Services for additional information.

disAbility Services for Students
An office to facilitate reasonable accommodations for otherwise qualified students with documented disabilities is located in the Campus Center, on the second floor of the Northeast Campus. To contact the Office of disAbility Services, email disAbilityservices@holyfamily.edu or call 267-341-3231. Students with disabilities (e.g., physical, learning, psychological, ADHD, etc.) who intend to seek accommodations in accordance with the Americans with Disabilities Act of 1990 (ADA) and/or Section 504 of the Rehabilitation Act of 1973 should contact the Office of disAbility Services ideally before the start of each semester to review the process for obtaining accommodations. Mid-semester requests may delay the provision of some accommodations. The process includes submission of necessary documentation, including provider verification from a qualified professional that supports need of an accommodation.

Once documentation is received, the process for providing accommodations may take up to a few weeks. Effort is made to review documentation in a timely manner. Guidelines for documentation are available at https://www.holyfamily.edu/current-students/student-resources/wellness-services/disability-services.

Documentation
Documentation is a recent evaluation by a qualified professional that clearly states an individual’s disability(ies) and describes the functional limitations of the disability(ies). Documentation will include a comprehensive educational, developmental, and medical history relevant to the disability for which a student is seeking accommodations, as well as the tests and assessments that were used to determine and diagnose the disability.

Documentation will include a qualified professional’s specific recommendations for the types of accommodations one might need in a university environment. For cognitive and learning disabilities and ADHD, documentation should include a comprehensive psycho-educational evaluation. The qualified professional who evaluates the disability must sign the report on official letterhead and mail this to the Office of disAbility Services.

PLEASE NOTE: An Individual Education Plan (IEP) is not sufficient documentation for most disabilities.

Documentation certifying a disability should be comprehensive and do the following:
1. Clearly state the diagnosed disability or disabilities.
2. Describe the functional limitations resulting from the disability or disabilities.
3. Be current (i.e., within the last five years for learning disabilities, six months for psychiatric disabilities, three years for other disabilities). Please note: This does not apply to physical and/or sensory disabilities that are of a permanent or unchanging nature.
4. Include comprehensive educational, developmental, and medical history relevant to the disability(ies) for which accommodations and/or academic adjustments are being sought.
5. Include evaluation dates, a listing of all the tests that were administered (this does not apply to physical/sensory disabilities of a permanent or unchanging nature), and relevant test or subtest results and scores that indicate the presence of a disability.
6. Describe the specific accommodations/academic adjustments being requested and why these are needed given the particular disability.
7. Be typed or printed on official letterhead, signed, and dated by the professional who is qualified to make the diagnosis and certify the presence of the disability.

Student requests for accommodations are reviewed on a case-by-case basis. When any of the above information is missing from submitted documentation, the Office of disAbility Services may request this information be submitted before completing its review of a request for accommodations. The professional certifying a student’s disability is welcome to contact the Office of disAbility Services with general questions about what should be included.

Application Review for disAbility Services and Accommodations
The disAbility Services Committee reviews documentation and requests for accommodations. This committee generally consists of the Associate Director for the Office of disAbility Services and representatives from the University community with expertise and training in the areas of learning disabilities, psychological disabilities, health disabilities, and assistive technology. This committee approves recommendations for reasonable accommodations based on documentation that is received by the Office of disAbility Services.

Currently enrolled students on file with the Office of disAbility Services must request accommodations each academic year; accommodations are not automatically transferred to the following academic year without a new letter from the Office of disAbility Services. Students who plan to request new accommodations or anticipate registering for a field placement, practicum, internship, student teaching, or clinical nursing experience should contact the Office of disAbility Services immediately to discuss potential changes in accommodation needs.

PLEASE NOTE: Approval for accommodations and any changes to existing accommodations can only be authorized through the Office of disAbility Services. Students may not receive accommodations within the classroom, dining services, in residence halls, or at University-supported placement/training sites without first contacting the Office of disAbility Services by emailing disAbilityservices@holyfamily.edu or calling 267-341-3231.
Emergency/Fire Drill
When the fire alarm is sounded, students and instructors shall leave the building by the closest exit, walking in an orderly fashion. Before leaving, the instructor shall see that all students are out of the room. Also, the door is to be closed.

Both instructor and students are expected to make themselves familiar with the various exits from each room in which they have classes. Persons needing physical assistance will receive it from Public Safety personnel or Emergency First Responders.

All residents of University housing must evacuate their building when a fire alarm sounds. Failure to evacuate when a fire alarm is sounding, causing false alarms when no fire is present, interfering with the proper functioning of the fire alarm system and tampering with or removing fire extinguishers are serious offenses. Because such violations can be life-threatening, individuals involved will be held accountable and will be subject to University judicial processes, including possible suspension or expulsion, a significant fine assessment, and/or arrest. When responsible parties cannot be determined, residents of the residence area in which the malicious alarm or tampering took place will be subject to a collective fine of $300. Students found responsible for misusing, tampering with or covering smoke detectors will be assessed a fine and the cost of repair in addition to being subject to a judicial sanction.

Emergency Notification
Incidents reported to the Public Safety Department, on and off campus, are available in the Public Safety Office to review. In the event that a situation arises, either on or off campus, and in the judgment of the Director of Public Safety constitutes a serious or continuing threat, a campus-wide timely warning will be issued. Holy Family’s Public Safety Director will immediately investigate the report of the incident, craft an emergency alert and distribute this notification through the campus community without delay. The warning will be issued through the “Tiger Alert” system as well as the college email system to students, faculty, and staff. Timely warnings will be issued for the following crimes if the crimes are reported to Campus Security Authorities (CSA) or the Philadelphia Police Department and if they are considered by the university to represent a serious or continuing threat to students and employees and occur in certain geographic locations as defined by the Clery Act:

- Murder/Non-Negligent Manslaughter
- Negligent Manslaughter
- Sex Offenses-Forgible
- Sex Offenses-Non Forgible
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson

Institutions must also separately report arrests and institutional disciplinary referrals for:

- Illegal Weapons Possession
- Drug Law Violations
- Liquor Law Violations

Additionally, institutions must separately report if any of the main Clery crimes or theft, simple assault, intimidation, and destruction, damage, or vandalism of property was a hate crime. Crimes must be reported by their category of bias or biases.

Emergency Notifications are required to immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus. An immediate threat as used here encompasses an imminent or impending threat such as an approaching fire, as well as a fire currently raging in a campus building. Some examples when an Emergency Notification may be issued include:

- Outbreak of meningitis, norovirus or other serious illness
- Approaching serious weather
- Earthquake
- Gas leak
- Terrorist incident
- Armed intruder
- Bomb threat
- Civil Unrest
- Explosion

“Tiger Alert” will be used only for timely warnings and emergency notifications. The system will not be used to distribute advertising or any other unsolicited content. Subscribers will pay no fees for the service other than the regular fees associated with text-messaging services. To register, visit www.holyfamily.edu/security-safety.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, Public Safety may also post a notice on the campus-wide electronic bulletin boards and the homepage of the Holy Family University website, providing the university community with more immediate notification. The Alert also provides safety tips, suggestions on how to handle situations, and action steps to take.

Health Services
A Registered Nurse (RN) or Certified Registered Nurse Practitioner (CRNP) is available to students during the academic year, Monday through Friday. Students can schedule an appointment to see the healthcare personnel for common medical conditions, minor injuries, tuberculosis testing, and physicals. Students with chronic conditions or more complex problems will be referred to the appropriate health care provider for care. Health Services is located in the Stevenson Lane Residence Hall on the Ground Floor of the Northeast Campus.

Medical Emergencies
Students who experience a medical emergency and are on campus should call Security at 267-341-3333 or call 911. Students who are off campus should call 911.
Health Regulations
All full time undergraduate, residential, and international students are required to submit a completed Health Packet to Health Services. Please submit the required Health Packet prior to July 1 for the fall semester and December 1 for the spring semester. The Health Packet and the requirements can be found on the Health Services web page. Non-compliance will result in a medical hold for admission into the residence halls and the ability to schedule routine appointments at Holy Family University Health Services.

PA Law #955 requires students living in university housing to receive the meningitis vaccine or to sign a waiver of refusal. Students who fail to complete this form and are not immunized against meningitis will not be allowed to move into housing until this form is completed or the student submits proof of immunization to meningitis. The meningitis response form is included in the Health Packet, and can be found on the Health Services web page.

Students who fail to submit the required health forms can only receive emergency care in Health Services, and will not be scheduled for routine appointments until the required forms are received.

Graduate and part time students who select to schedule non-emergency appointments in Health Services are required to provide a completed Health History Packet, Physical, and Immunization records at their first visit.

Health Care visits to Health Services are strictly confidential. No information will be released without the student’s written consent.

Health Insurance
Students are responsible for providing their own health insurance, whether by parent/guardian’s health coverage or their own election into a plan.

Students living in University housing are required to have health insurance. The University does not provide health care coverage for students and is not responsible for students’ medical bills.

Students are encouraged to carry their health insurance card or a photocopy of their card. Students who are covered by HMOs should contact their insurance carriers for acceptable providers in the Philadelphia area.

Medical Excuses
Health Services does not routinely provide medical excuses for students who miss class due to illness or injury. Students are responsible for promptly notifying professors about absences, preferably prior to the class time rather than after class. Students should follow the directions regarding absences from class provided by faculty on the course syllabus.

Identification Card
Students are issued an official student identification card during their first semester attending Holy Family University. ID cards are necessary for the use of the library and sports facilities and must be available for presentation while the student is on campus. University ID cards can be obtained from Room 105 in the ETC building or the Library, or the Newtown Lobby. There is no charge for the initial card; however, the cost for replacing a lost/damaged ID card is $10.00, payable to the Business Office, HFH Room 202, prior to the time of photographing. Failure to produce an ID card when asked by a University official will result in disciplinary action. Students should not lend out University ID cards under any circumstance.

Individual Emergency Notification
The Office of the Dean of Students is responsible for contacting students in the event of an emergency. A person requesting notification to a student in the case of any emergency should contact the Dean of Students directly. If for some reason this office cannot be reached, contact University Public Safety at 267-341-3333. The University does not allow for the interruption of a class or interception of a student without contacting the Dean of Students or Public Safety. Should an emergency occur after University business hours or while a student is attending an evening class, contact the University Public Safety at 267-341-3333 for instruction and assistance. In case of an emergency, anyone needing to reach a Newtown faculty member or evening student after 4:30 pm should call security at 215-435-9531. The Newtown receptionist desk closes at 4:30 pm Monday through Thursday, and at 4:00pm on Friday.

Library
Holy Family University’s main library is located at the Philadelphia campus across from the Education and Technology Center; the Newtown site houses a branch library, the Learning Resource Center (LRC). Both are full-service libraries offering professional librarian assistance, books, audiovisual materials, computers, wireless Internet access, research databases, newspapers and journals, curriculum materials and other resources. Networked printers with copying and scanning capabilities are available at both locations.
Every student is encouraged to seek information and support from the professional librarians and support staff. The library web page provides access to the library catalog and research databases, 24/7 live chat research help, research guides (LibGuides), and the Library/LRC hours and policies. Research databases contain articles and citations from newspapers, magazines, and scholarly journals. Many articles are available in full text, and all databases and e-resources are accessible off campus.

All students must present their current University ID to borrow materials. The Holy Family student ID also allows borrowing and computer privileges at seven other SEPCHE member institution libraries: Arcadia University, Cabrini College, Chestnut Hill College, Gwynedd-Mercy University, Immaculata University, Neumann University, and Rosemont College. In addition, with the University ID and a letter of introduction from Holy Family Library, students may borrow materials from dozens of other college libraries in the Philadelphia area within the Tri-State College Library Cooperative (TCLC) network.

Library Policies and Information
Books circulate for three weeks; DVDs circulate for one week; new release/popular DVDs circulate for three days. Renewals may be processed through the user account in the library catalog. Fines may be assessed for overdue or lost items.

Holds may be placed on items through the library catalog (use the “Place Hold” button) or by contacting the library. Patrons will be notified when the item is available, and it will be held for one week at the circulation desk in either location.

Lost or damaged library materials should be reported to the Access Services Coordinator. Charges may be incurred which could include replacement plus a $10 processing fee. Diplomas and academic transcripts will not be issued until all borrowed materials are returned, and all fines and charges are paid.

Instructors often place books and other materials on reserve for their courses. Reserve items are kept at the Circulation Desk. With a few exceptions, most reserve items must remain in the library while in use.

Items such as books and journal articles not held by Holy Family can usually be obtained from another library. Submit requests through the online form (Interlibrary Loan form) on the library website. Journal articles will be delivered electronically to the patron’s Holy Family email account; books and AV materials can be picked up from either campus. There is no charge for this service. Additionally, items from the Philadelphia campus library can be sent to Newtown and vice versa, and requests for these items should also be submitted through the online form.

Regular library hours are listed below. Please check the website often as break and special/end of semester hours will be posted there. The Philadelphia campus library hours for the fall and spring semesters are:
- Monday through Thursday 7:30 am – 10:00 pm
- Friday 7:30 am – 4:00 pm
- Saturday 9:00 am – 4:00 pm
- Sunday 1:00 pm – 8:00 pm

The Newtown Learning Resource Center (LRC) hours for the fall and spring semesters are:
- Monday through Thursday 11:00 am – 8:00 pm
- Friday, Saturday and Sunday Closed

Lost and Found
As stated in the Mission and Core Values, Holy Family University emphasizes family, respect, integrity, service and responsibility, learning, and vision. Students who find property not belonging to them are expected to take it to the Public Safety Office immediately. The Public Safety Office is found on the first floor of the Campus Center. Students found with property not belonging to them will be subject to disciplinary action. The Public Safety Office at the Newtown Campus is located by the main entrance.

Parking
Parking and operating a motor vehicle on the Holy Family University Campus is a privilege.

All vehicles must be registered with the Department of Public Safety, and parking permits must be visible at all times while on campus. Vehicle registrants and operators must comply with all policies regarding registration, parking, and operation of vehicles as outlined in this Student Handbook and other media on campus. There is no registration fee; however, you must provide your license plate number, make, model, color, year of vehicle along with a current phone number and email address when registering the vehicle. The university prides itself on its ability to maintain an amicable working relationship with its neighbors. Therefore, students are expected to observe the following regulations established by the Department of Public Safety.

Parking is available for commuter students in the Campus Center parking lot. Residents of the Garden Residence and Stevenson Lane Residence must park in the appropriate parking lots for their individual buildings.

It is the responsibility of all University members to park in lined spaces in the appropriate lots. Vehicles found in violation of these policies may be ticketed, booted, or towed. Vehicle registrants are responsible for all fines and fees associated with policy enforcement. The University assumes no responsibility for property loss, damages or personal injury. Unpaid parking tickets will be placed on the students’ account.

Safety and Security
In accordance with both federal and Pennsylvania legislation, Holy Family University’s Clery Compliance Coordinator and Director of Public Safety prepare the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report is located on the website at www.holyfamily.edu/security-safety, or may be obtained from the Public Safety Office. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, and the entire division of Student Affairs. Each entity provides updated information on their educational efforts and programs to comply appropriately with the Clery Act.

Holy Family also offers 24-hour security coverage through the Department of Public Safety. Public Safety personnel may be reached through use of the emergency telephones located in each academic building or in the parking lots, or by calling 267-341-3333.

Sales and Solicitation
Solicitation is not permitted on University property. All fund-raising events that take place must receive approval from the Vice President for Student Affairs or their designee.

Student Printing
All currently-enrolled students receive a printing quota of 400 sheets per year. This quota may be used for standard, 8.5" x 11", black-and-white prints only, and covers printing from any shared printer on all campuses. Printer quotas are reset to 400 sheets on July 1 of each year. At the end of the quota period, any remaining sheets available are not carried over to the next semester. Upon complete withdrawal from courses, graduation, or re-admission after a break in enrollment, students’ quota will be deleted regardless of the remaining balance. Students may obtain additional sheets beyond the quota limit by adding flex dollars to their Tiger Tag Account online, or by visiting the Business Office. The print quota has no cash value; there are no refunds or transfers to other students for unused quotas.

Theft
The University is not responsible for lost, stolen, or damaged items. It is advisable for a resident to protect their belongings with insurance through a family homeowner’s policy or renter’s insurance. If a theft or suspicion of theft should occur, it is important to report it immediately to the Department of Public Safety and/or the Dean of Students. Reporting the loss to Public Safety is necessary if the resident will be making a claim for the article with an insurance company. If an item is stolen and is later recovered, Public Safety should be notified of its recovery.

Unauthorized Recording Equipment
It is an infringement upon the privacy of others to use hidden/authorized surveillance equipment (i.e., cameras, video cameras, web cams, tape recorders, or other similar recording/monitoring devices). Their use is strictly prohibited on University property, especially in residence halls.

Vending Machines

III. Policies and Procedures

Academic Honesty Policy
Holy Family University, true to its motto (Teneor Votis: I am bound by my responsibilities), educates all persons both intellectually and morally to assume their responsibilities toward God, themselves, and society. The University expects from its students the highest standards of honor and integrity in meeting their academic responsibilities.

In addition, academic honesty is essential for effective evaluation of student scholarship and growth. Anything less than complete integrity undermines the basic educational process.

Hence, academic dishonesty in any form is regarded as a breach of honor and integrity, an evasion of personal responsibility, and an attempt to misrepresent progress. Violations of standards cannot be tolerated at Holy Family University and will result in sanctions, including possible dismissal from the University. Violations include, but are not limited to, copying tests, laboratory reports, purchasing work to present as one's own, obtaining tests or test questions illegally, either verbally or otherwise, using notes during testing, and/or collaborating with another to obtain test information.

Plagiarism is another form of cheating. This is defined as using the ideas or words of another in a written or oral assignment or projects without acknowledging the source. When one repeats, without quotes, the ideas or words of an author, paraphrases an author's ideas, or presents an author's line of thought without acknowledging that author, the user is guilty of plagiarism, a serious breach of academic honesty.

Similarly, the use of computers to obtain and/or disseminate information for dishonest purposes, as well as misrepresentations concerning the source, development, or application of computer software, constitutes a serious violation of academic integrity.

Anyone who willfully assists another in the breach of integrity is held equally responsible and is subject to the same penalties.

The University ascribes to a policy of progressive disciplinary action in dealing with proven incidents of academic dishonesty. In accord with this policy, sanctions may range from failure of a given course assignment (first incident) or failure of the course and ineligibility for all honors recognition (second incident) to dismissal from the University (third incident). The level of sanction imposed may be modified at the discretion of the academic administration in accord with circumstances prevailing in a given incident. Students will be notified in writing by the School Dean in which dishonesty has been alleged and will have an opportunity to respond to this notification prior to the imposition of any sanction. All disciplinary action related to charges of academic dishonesty may be appealed to a board composed of University administrators, faculty, and students.

Campus Assessment, Response, Evaluation (CARE) Team
The health, well-being, and safety of our University community is our greatest concern. Students are encouraged to access campus support services such as the Counseling Center, Health Services, the Office of disAbility Services, Campus Ministry, Academic Advising, and the Center for Academic Enhancement, as needed.

Student behavior that violates University policy typically is resolved through the University’s grievance procedure. However, when a student’s behavior is determined by the University to present an immediate risk or substantial threat to cause bodily harm to themselves or to others, the Dean of Students may refer to the University’s Campus Assessment, Response, Evaluation (CARE) Team to address appropriate next steps in assuring the safety and security of the student and campus community.

To assure the safety and security of all students and the entire campus community, the CARE Team engages three primary functions. The CARE Team gathers information, analyzes this information through an objective set of standards or rubric, and then develops and engages in an intervention and assessment plan for any students of concern. In the event that a student has exhibited behaviors that are of concern to University administrators and/or community members, the CARE Team will assist the Dean of Students in assessing the care of any student of concern.

The Key functions of the CARE Team include:

- Educate the campus community about behaviors of concern.
- Create a reporting and referral procedure for students of concern.
- Provide support to faculty, staff, administration, and students in assisting individuals who display concerning or disruptive behaviors.
- Serve as the central point of contact for individuals reporting concerning student behavior.
- Accurately assess the risk posed by a report or series of reports.
- Investigate, as necessary, a report to bring all available information to the Team for consideration.
- Create and follow over-arching principles and guidelines in the form of operational protocol to assure that each case is managed with consistency and effectively.
- Coordinate follow-up and intervention.

The CARE Team has direct authority to take action and coordinate intervention, without University delay. Direct authority by the CARE Team may include recommendations for interim suspension actions, to enact recommendation for timely warnings, to enact recommendation for emergency notification, to enact recommendation for mandatory psychological assessment, and to recommend initiation of involuntary leave. As safety permits, a student will be required to meet with the Dean of Students and/or a designated member of the CARE Team to identify options to mitigate behavior that may threaten the safety of the student, others, and/or University community. During this meeting, the student will have the opportunity to discuss the concerning behavior(s), any recommended intervention plan, and CARE Team procedures.

CARE Team procedures, recommendations, and/or intervention plan will be implemented if it is determined that a student poses an immediate risk of danger or substantial threat to themselves, or to others, and/or the behavior causes an imminent threat of disruption of, or interference with the normal operation of the University.

As safety permits, after consulting with the University CARE Team, the Dean of Students, or their designee, determines if the recommendations are sufficient and will move forward with implementation. The Dean of Students will take all reasonable steps to contact the parents or legal guardian (if necessary) of a dependent student, and/or any University au-

The student has the right to challenge the content of their educational record and may, if necessary, request a formal hearing on the matter.

The University shall obtain the written consent of the student before disclosing personally identifiable information from the educational records, except if the disclosure is to instructional, administrative or other authorized individuals, including representatives of approval or accreditation agencies. A record of all disclosure, other than to the subject student, will be maintained by the appropriate office and may be reviewed by the student.

The University may disclose certain personally identifiable information, designated as directory information, concerning students in attendance. The following categories of information have been designated as directory information: *the student’s name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational institution attended.* Any student who does not wish directory information released must so inform the Dean of Students in writing within 30 days after the start of the fall semester. In any event, the University may disclose directory information from the record of an individual who is no longer in attendance at the University without public notice or prior permission.

A more complete description of the guidelines prepared for compliance with the act is available in various offices of the University at all times and at the registration desk during regular registration each semester.

Should a student wish to discuss a concern or file a grievance toward a University faculty or staff member, students are instructed to visit the Title IX Coordinator, located in the Title IX office at the Campus Center on the Northeast Campus, to discuss allegations, talk about your rights as a student, and determine next steps. Should a student wish to file a formal grievance towards a University faculty or staff member, the Title IX Coordinator will make the appropriate report and referral to Human Resources.

Non-Academic Grievance Procedures: General
1. Discuss the matter with the immediate staff member with whom the grievance is directed within five (5) business days from the date of the incident; the immediate staff member will respond in writing within three (3) business days.
2. If dissatisfied with the outcome of this first discussion, the student may submit within three (3) business days, a written statement that includes the facts of the incident and a proposed solution. The student may present witnesses and other evidence relevant to the complaint. The written statement should be submitted to the Dean of Students. The Dean of Students will respond to the written grievance within three (3) days as to whether further investigation is warranted. If it is determined that no further investigation is warranted, the grievance will be closed, and no appeal will be offered. If further investigation is required, the Dean of Students, or their designee, will conduct an investigation within fourteen (14) days, and a notification letter will be issued to all parties involved within ten (10) business days after completion of the investigation. This written notice shall contain the outcome of the complaint and the basis for the decision.
3. All aspects of the student’s complaint and investigation will be kept confidential to the extent possible with regard to complaint filing, investigation, and disposition. The investigation will be conducted in an impartial manner and will include an impartial decision-maker. If the Dean of Students cannot remain impartial, they will remove themselves from the proceedings and assign the matter to a designee, who will start the timeframe from the date the grievance was received.
4. The student may appeal the findings in writing to the Vice President for Student Affairs, or their designee, within five (5) business days. Further, complainants and witnesses will be disciplined for filing false complaints or providing false information during an investigation.

Section 504/ADA Grievance Procedures

Holy Family University prohibits discrimination on the basis of disability for faculty, staff, students, and visitors. Holy Family University has adopted an internal grievance procedure providing for prompt and equitable resolution of complaints by any member of the Holy Family University community alleging any action prohibited by Section 504 of the Rehabilitation Act of 1973 (§29 U.S.C. 794) of the U.S. Department of Education regulations implementing the Act, and the Americans with Disabilities Act, 1990 Title II & III (§42 U.S.C. 126). Section 504 and the ADA, Sections Title II & Title III prohibits discrimination on the basis of disability in any program or activity receiving Federal financial assistance. The Law and Regulations may be examined in the office of Marianne Price, Title IX Coordinator, Section 504/ADA Coordinator, located in the Campus Center at the Philadelphia Main Campus, who has been designated to coordinate the efforts of Holy Family University to comply with Section 504 and the ADA.

Any participants, beneficiaries, applicants, or employees, including students, staff, faculty, and visitors who believes they have been subjected to discrimination on the basis of disability, or is unsatisfied with accommodations provided by the Office of disAbility Services, may file a grievance under this procedure. It is against the law for Holy Family University to retaliate against anyone who files a grievance or cooperates in the investigation of a grievance. The Section 504/ADA Coordinator should be notified immediately if anyone associated with the grievance procedure is subjected to retaliation as a result of that person’s participation in the grievance process.

Holy Family University has both informal and formal mechanisms in place to resolve concerns about disability discrimination, denial of access to services, accommodations required by law, or an auxiliary aid they believe they should have received (“disability-related issues”), such as:

- Disagreements regarding a requested service, accommodation, modification of a University practice or requirement, or denial of a request
- Inaccessibility of a program or activity
- Violation of privacy in the context of a disability

Informal Process

Holy Family University encourages anyone with concerns about a disability-related issue to first discuss the matter with Keely Milbourne, Associate Director of the Office of disAbility Services, who will attempt to facilitate a resolution. Individuals are not required to pursue the informal process first and may engage the formal grievance process as their first step if preferred.

Office of disAbility Services
Philadelphia Campus, Campus Center, Second Floor
Keely Milbourn, Associate Director
267-341-3231, kmilbourne@holyfamily.edu
The Office of disAbility Services will move forward in its best efforts to identify a resolution within ten working days from the date the disability-related issue is raised. The Office of disAbility Services may refer the matter to the Section 504/ADA Coordinator if deemed necessary, or if formal processes are required.

Should the complaint need to be made against the Office of disAbility Services itself, a formal grievance may be filed as described below.

The purpose of the informal process is to make a good faith effort to resolve the issue quickly and efficiently; however, the individual may ask to implement the formal process at any time during the informal resolution or instead of the formal resolution.

**Formal Grievance**

A formal grievance must be filed with the Section 504/ADA Coordinator within 21 working days of the date of the Informal decision, if applicable, or within 30 calendar days of the occurrence of the disability-related issue.

Office of the Title IX Coordinator
Philadelphia Campus, Campus Center, Second Floor
Marianne Price, Section 504/ADA Coordinator, Title IX Coordinator
267-341-3204, mprice@holyfamily.edu

The grievance must be in writing and include the following:
- The grievant name, address, email address and phone number
- The grievant university ID number
- A full description of the situation
- A description of the efforts which have been made to resolve the issue informally, if any
- Any evidentiary items available
- A statement of the requested remedy, e.g. requested accommodation

If the grievance involves confidential medical information, the Section 504/ADA Coordinator will maintain the confidentiality of that information and will not release that information without the individual’s permission, except as allowed by law.

**Process**

The Section 504/ADA Coordinator will review the grievance for timeliness and appropriateness under this grievance procedure and notify the grievant if the grievance has been accepted.

The Section 504/ADA Coordinator may commence an investigation. Should it be necessary, the Section 504/ADA Coordinator will select a trained investigator who will promptly initiate an investigation. The investigator will be an individual who is trained on disability or civil rights issues. In undertaking the investigation, the Section 504/ADA Coordinator or investigator may interview, consult with and/or request a written response to the issues raised in the grievance from any individual the investigator believes to have relevant information, including but not limited to faculty, staff, students, and visitors to Holy Family University. All parties will have an opportunity to provide the investigator with information or evidence that the party believes is relevant to his or her grievance. All parties involved will receive a fair and equitable process and be treated with care and respect. The investigator will respect the privacy of all parties.

The University will make every effort to complete an investigation within thirty (30) calendar days of the filing of the written complaint. At the request of the grievant, the Section 504/ADA Coordinator will determine whether the formal grievance process can and should be expedited. Informal resolution upon preliminary review may be recommended and reviewed by the complainant.

**Findings and Notification**

Within five working days of the completion of the investigation, the investigator will make a recommendation regarding appropriate actions to be taken. The investigator will summarize the evidence that supports the recommendation, and the grievant will be advised in writing of the outcome of the investigation.

**Appeal**

Within five (5) calendar days of receiving the determination from the Section 504/ADA Coordinator, the grievant or the party against whom the grievance is directed, if any, may appeal the determination. To appeal, the party must file a written request for review with the Section 504/ADA Coordinator. The written request for appeal must be based on the grounds of improper procedure, or new evidence that was unavailable at the time of the investigation. The Section 504/ADA Coordinator will refer this appeal to the Dean of Students, or their designee, if the individual appealing the decision establishes standing for the appeal consideration.

The Dean of Students, or their designee, will provide the person appealing with a copy of the appeal written decision within five calendar days of the filing of the appeal. The appeal decision will be the final determination of Holy Family University.

The individual also may file a complaint with the U.S. Department of Education, Office of Civil Rights, at any time before, during or after the University’s Section 504/ADA grievance process.

**Guest and Visitor Policy**

It is the responsibility of the campus community to ensure that the work of the university is accomplished in an environment that promotes health and safety and minimizes work-related disruptions. Throughout this policy, dependents, children and pets will be referred to collectively as “guests.”

In consideration of safety, confidentiality, disruption of operations, disruption of services, disruption to others, appropriateness, and legal liability posed by the presence of unaccompanied guests on the various campuses, the university limits the presence of unac-
Hate Crimes

Hate crimes occur when a perpetrator targets a victim because of their perceived membership in a certain social group, usually defined by race, age, color, religion, national origin, ethnic origin, sex, gender, sexual orientation, disability, marital status, military leave, veteran status and any other status protected by law, which unreasonably disrupts or interferes with another’s academic performance, or which creates an intimidating, offensive or hostile environment.

The law requires the release of statistics by category of prejudice concerning the occurrence of hate crimes in the crime classifications listed in the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, such as race, gender, gender identity, religion, sexual orientation, ethnicity, national origin, or disability, and for other crimes involving bodily injury to any person. Definitions listed in the The Handbook for Campus Safety and Security Reporting include:

- Gender: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender.
- Gender Identity: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g. bias against transgender or gender non-conforming individuals.
- Religious Affiliation: A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or non-existence of a supreme being.
- Sexual Orientation: A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation.
- Ethnicity: A preformed negative opinion or attitude toward a group of persons whose members identify with each other through common heritage, often consisting of a common language, common culture (often including a shared religion and/or ideology that stresses common ancestry).
- National Origin: A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.
- Disability: A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such a disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

In August of 2008 HEOA § 488, 20 U.S.C. § 1092 (f) (1) F (iii) modified the above hate crimes to include, but not be limited to the following additional crimes under the hate crime category as defined:

- Larceny Theft: The unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession, of another.
- Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- Destruction/Damage/Vandalism: To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.
- Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon nor the victim suffers obvious severe or aggrieved bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

A. Hazing
   1. A person commits the offense of hazing if the person intentionally, knowingly, or recklessly, for the purpose of initiating, admitting or affiliating a minor or student into or with an organization, or for the purpose of continuing or enhancing a minor or student’s membership or status in an organization, causes, coerces or forces a minor or student to do any action or activity which are prohibited by this Policy, including but not limited to:

Hostile Intruder in a Non-Residence Hall
When a hostile intruder(s) is actively causing death or serious bodily injury or the threat of imminent death or serious bodily injury to person(s) within a building, we recommend the following procedures be implemented. While the guide refers primarily to academic buildings, it should be stated that these procedures are also relevant to administrative buildings and other common buildings on the campus.

RUN
• Have an escape route and plan in mind
• Leave your belongings behind
• Keep your hands visible

HIDE
• Hide in an area out of the hostile intruder’s view
• Block entry to your hiding place and lock the doors

FIGHT
• As a last resort and only when your life is in imminent danger
• Attempt to incapacitate the hostile intruder
• Act with physical aggression and throw items at the hostile intruder

Call 911 and Public Safety (267-341-3333) when it is safe to do so.

When Law enforcement arrives on scene:
• Remain calm, and follow officers’ instructions
• Immediately raise hands and spread fingers
• Keep hands visible at all times
• Avoid making quick movements toward officers such as attempting to hold on to them for safety
• Avoid pointing, screaming and/or yelling
• Do not stop to ask officers for help or direction when evacuating, just proceed in the direction from which officers are entering the premises

Information you should provide to law enforcement or 911 operators:
• Location of the victims and the hostile intruder
• Number of hostile intruders, if more than one
• Physical description of hostile intruders
• Number and type of weapons held by the hostile intruder(s)
• Number of potential victims at the location

Identification Card
In an effort to provide adequate security for the members of the University community, every student must carry their Holy Family University identification (ID) card. Students are issued an official student identification card during their first semester attending Holy Family University. ID cards are necessary for the use of the library and sports facilities and must be available for presentation while the student is on campus. University ID cards can be obtained from Room 105 in the ETC building or the Library or the Newtown Lobby. There is no charge for the initial card; however, the cost for replacing a lost/damaged ID card is $10.00, payable to the Business Office, HFH Room 202, prior to the time of photographing.
Upon request, students must surrender their ID cards to authorized University personnel (Public Safety, Residential Life staff, the Vice President for Student Affairs, Dean of Students, Human Resources staff and other University personnel). Students must provide accurate information and must comply with the directions of such officials in the performance of their duties. Furnishing false identification to University personnel will result in disciplinary charges. Possession of an ID card that falsely identifies a student by name, age, date of birth, or photograph as being 21 years of age and over will result in disciplinary charges.

Minors on Campus and in Programs

The Minors on Campus and in Programs Policy is intended to safeguard youth under the age of 18 who may participate in and attend activities and programs under the authority of Holy Family University. The Policy applies to all departments of the University. Activities, classes, and programs, including but not limited to athletic camps, academic programs, service projects, student recruiting programs, and conferences or special events, where Minors are anticipated or expected to be present shall fall within the scope of this Policy.

Holy Family University expects all members of its community to abide by and execute this Policy, as necessary. Failure to do so may lead to revocation of the opportunity to use University facilities and/or cancellation of programs.

The University is committed to minimizing disruption due to the presence of Minors, and maximizing safety of Minors on campus at all times. Program Directors, parents, or guardians are responsible for ensuring that Minors behave appropriately while on campus.

The following are requirements outlined by this Policy:

- Minors on campus must be accompanied by a parent, guardian or Authorized Adult at all times; unaccompanied Minors will be escorted to Public Safety. Minor’s may visit or tour the campus so long as they are escorted by a parent, guardian or Authorized Adult at all times. It is the expectation of the University that all Authorized Adults minimize risk at all times, and maintain groups of three or more persons at any time when with a Minor.
- Parents and/or guardians are responsible and liable for any and all injuries or damages sustained to or by their Minor while on the University campus, unless caused by the sole negligence of the University, its officers, agents, or employees.
- Minors are not allowed in classrooms while classes are in session unless permission is granted by the faculty member. If, in the view of the Program Director or Authorized Adult responsible for a class, event, program, etc. a Minor is disruptive, the Minor must be removed from the situation.

Minors are allowed in the classroom and in the workplace under the supervision of the parent or guardian in the following limited circumstances:

- Those limited occasions when alternative arrangements are impractical or impossible, such as the illness of a daycare provider; and
- The faculty member responsible for the classroom has given specific advance approval.
- The employee has received advanced approval from their supervisor.

This practice should only be utilized sparingly and if there are no other options reasonably available. Alternatives, such as the student arranging to record a particular session, should be considered. Students must avoid bringing Minors to classrooms on days of examinations, and Minors are not permitted to participate in field trips, internships, or retreats.

Minors may enroll full or part-time at the University. When they do, FERPA rights shift from their parents to them, and privacy protections are attached to their education records.

Peer-to-Peer File Sharing

Holy Family University does not allow peer-to-peer file sharing. Unauthorized distribution of copyrighted material via peer-to-peer file sharing may subject violators to civil and criminal liabilities. If you are discovered to have set up peer-to-peer file sharing, your network account may be turned off.

Computer abuse includes:

- Unauthorized copying, downloading or sharing copyright-protected material.
- Using Peer-to-Peer software to steal copyrighted content such as movies, music, software and images.

Photography and Videography: Privacy Policy and Releases

Photographs and videos are taken at a wide variety of events in order to communicate our image and activities to the outside world. These photos and videos are used for educational, news, publicity, and promotional purposes.

In regards to the University’s taking of photographs or videos and their subsequent use for publicity or other purposes, each student is bound by the following releases:

- I hereby authorize Holy Family, its officers, employees, trustee members, agents, and/or assignees to photograph, audio record, video record, obtain, reproduce, and/or use my likeness for marketing, educational, or other such reasonable use.

The University has an opt-out election if a student prefers not to have his or her photograph or image published in University materials, and in such cases the University will make a good faith effort to exclude the student’s photograph or video from publication.

Reporting Missing Persons
Holy Family University Department of Public Safety thoroughly investigates all persons, including students reported as missing whether they reside on or off campus. To report a missing person, dial 3333 from a campus telephone, or use one of the blue light emergency telephones on campus, or call 267-341-3333 from off-campus phones. You can also report a missing person in person at the Department of Public Safety in the Campus Center building, which is staffed with professional personnel, 24/7. Additionally, you can request assistance from a Public Safety Officer on patrol or call 911.

The Director of Public Safety or Shift Supervisor, upon confirmation that a student is missing and cannot be located, shall notify the Dean of Students and/or the Associate Vice President for Student Life. If the missing student resides in on-campus housing, the Associate Director of Residence Life will also be notified.

If the missing student residing on campus has been missing for more than 24 hours, the Philadelphia Police Department/8th District will also be notified.

If a student is under 18 years old, the Dean of Students or the Associate Vice President for Student Life will immediately notify the custodial parent or legal guardian, and the missing student will be reported to the Philadelphia Police Department.

If a student over 18 years old has not designated an emergency contact, the law enforcement agency where the student’s primary residence is located will be notified. All notifications as mentioned in this section will be made by the Dean of Students or the Associate Vice President for Student Life.

Sexual Misconduct Policy
Members of the Holy Family University community have the right to be free from sexual misconduct, including sexual harassment, sexual violence, intimate partner violence and stalking. All members of the campus community are expected to conduct themselves in a manner that does not infringe upon the rights of others. Holy Family University believes in a zero-tolerance policy for sex- and gender-based misconduct.

Consistent with these values and applicable law, including Title IX Education Amendments of 1972, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, and the Violence Against Women Reauthorization Act of 2013 (VAWA), Holy Family University maintains a comprehensive policy and program designed to protect members of the university community from sexual misconduct and to provide recourse for those individuals whose rights have been violated. This policy is also intended to define community expectations and to establish a mechanism for determining when those expectations have been violated. This policy applies equally to all students, faculty and staff at Holy Family University.

Stalking

Stalking is a course of conduct directed at a specific person that would cause a reasonable person to feel fear. Course of conduct is defined as “a pattern of actions composed of more than one act over a period of time; however, evidencing a continuity of conduct.” Stalking is a crime in Pennsylvania and is subject to criminal prosecution.

Stalking includes any behaviors or activities occurring on more than one occasion that collectively instills fear in a victim and/or threatens their safety, mental health, or physical health. Such behaviors and activities may include, but are not limited to, the following:

- Non-consensual communication, including face-to-face communication, telephone calls, voice messages, emails, written letters, gifts, or any other communications that are undesired and place another person in fear; pursuing, following, waiting, or showing up uninvited at or near a residence, workplace, classroom, or other places frequented by the victim;

- Threats to harm self or others; and/or
- Defamation – lying to others about the victim.
Hostile Environment
A hostile environment is created when harassment is severe or pervasive or persistent and unreasonably interferes with a person’s academic or work performance, or creates an intimidating, hostile or offensive work or educational environment.

Definitions
Consent
Consent is defined by the University as an action that is:
• clear, knowing and voluntary;
• active, not passive; and
• words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Consent can be withdrawn at any time. Sexual activity as a result of coercion is non-consensual.

Consent cannot be given under certain conditions. These conditions include: while asleep, unconscious, physically or mentally helpless, disoriented or unable to understand what is happening for any reason, including due to alcohol or drug use, or being under the age of 16, the legal age of consent in Pennsylvania.

A person will be considered unable to give consent if they cannot understand the specifics of the sexual interaction, (i.e. who, what, when, where, and how). A person under the influence of alcohol or drugs is not relieved of their responsibility to appreciate another’s inability to consent. A person who engages in sexual activity with another when that person knows, or should know, that the other person does not, or is unable to, consent has violated this policy.

Incapacitation
Incapacitation is a mental or physical state in which an individual is unable to make rational, reasonable decisions because they lack the ability to understand and comprehend potential consequences of their actions.

A person cannot give consent if they cannot understand what is happening. A person will be considered unable to give consent if they cannot understand the specifics of the sexual interaction, (i.e. who, what, when, where, and how). A person under the influence of alcohol or drugs is not relieved of their responsibility to appreciate another’s inability to consent. Sexual activity as a result of coercion is non-consensual.

Complainant
The term Complainant refers to the individual(s) who has been the subject of prohibited conduct, regardless of whether that individual makes a complaint or seeks disciplinary action.

Respondent
The term Respondent refers to the individual(s) who has been accused of prohibited conduct.

Reporting
Holy Family University encourages all members of the community to report any incident of sexual misconduct as promptly as possible so that the University can respond effectively. The University recognizes, however, that not every person will choose to make a formal report with the University or with local law enforcement. When consulting campus resources, community members should be aware of confidentiality and mandatory reporting in order to make informed choices. On campus, some resources can offer confidentiality, sharing options and advice without any obligation to tell anyone unless the Complainant wants them to do so. Other resources are expressly required to report incidents of sexual misconduct to the Title IX Coordinator.

Your reporting options:
• Title IX Coordinator, 267-341-3204, titleix@holyfamily.edu. Located at the Philadelphia Campus, Campus Center Second Floor.
• Public Safety, 267-341-3361.
• Local law enforcement, 911
• Resident Advisors/Residence Life Staff
• University online reporting form, www.holyfamily.edu/title-ix

The Title IX Coordinator and their designees are responsible for the enforcement of the University’s policies and regulations. Any member of the University community may file a complaint against another member of the University community alleging violations of the Sexual Misconduct Policy. An incident report should be completed by a University Official (e.g., Public Safety or Residence Life) and directed to Title IX Coordinator to process. A complaint shall be submitted as soon as possible after the incident occurred, preferably within one week; however, the timeliness of the complaint shall be determined by the Title IX Coordinator based on facts and circumstances presented.

Holy Family University is committed to supporting the rights of a person reporting an incident of sexual violence. We encourage your ability to make informed choices and decision by providing you with the resources and information to make such decisions. The Title IX Coordinator can help guide you through your options, resources, rights, and support services.

Amnesty Policy
In compliance with Pennsylvania law, Holy Family University provides amnesty against disciplinary and other actions for drug, alcohol, and other minor student conduct violations that may have been associated with reported incidences of domestic violence or sexual assault.
Reporting to Responsible Employees - Administrators, Faculty, Staff

The University defines a responsible employee to include supervisors, officials, and employees with significant responsibility for student and campus activities including, but not limited to: academics, student residences, athletics, discipline, campus life and campus safety. All employees of the University, including faculty and staff members, are deemed responsible employees and are required to report incidents of sexual misconduct to the Title IX Coordinator.

When a Complainant tells a responsible employee about an incident of sexual violence, the Complainant has the right to expect Holy Family University to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A responsible employee must report to the Title IX Coordinator all relevant details about the alleged sexual violence shared by the Complainant. To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the University’s response to the report.

Reporting to Law Enforcement

The Complainant has the absolute right to decide whether an incident of sexual violence, intimate partner violence, or stalking is reported to law enforcement. If the Complainant decides to report the incident to law enforcement, the University is committed to assisting all involved parties.

Confidential Resources

The University provides confidential professional and pastoral counseling. These resources may be utilized to talk to someone about an incident of sexual misconduct in a confidential manner whether or not you decide to make an official report, to participate in the University resolution process. Conferring with confidential resources will not trigger an investigation by the University or local law enforcement. Reports to a Non-Confidential Resource – Request for Confidentiality

Title IX requires Holy Family University to balance the needs of an individual who has reported an incident of sexual misconduct to a responsible employee that may request confidentiality or that no action be taken, with its obligation to end the harassment and ensure the well-being of the community at large.

The University has designated the Title IX Coordinator to evaluate these requests.
In such cases, the Title IX Coordinator will weigh the request against the University’s obligation to provide a safe, non-discriminatory environment for all students, including the complainant.

The University handles complaints of sexual misconduct with due regard for the parties’ concern for confidentiality. However, if occurrences of sexual misconduct pose a general threat to the University community, Holy Family University personnel will take affirmative steps to notify students, faculty, and staff of the potential danger.

If you are concerned about confidentiality, discuss this issue first with the University’s confidential counselors, who will be able to explain various options you may take, and the implications for each option, and direct you to other on- or off-campus resources as appropriate.

The University reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ rights and personal safety.

Holy Family University is committed to supporting victims of the various forms of violence by providing the necessary safety and support services. Student, faculty and staff victims of sexual misconduct are entitled to reasonable and appropriate measures to protect the Complainant and access to Holy Family’s employment or education programs and activities, which may include protective measures before the final outcome of an investigation.

Such protective measures and accommodations, which may be temporary or permanent, may include:
- no-contact order;
- services of a victim advocate;
- change in an academic schedule;
- transportation modification;
- work modification;
- provision of alternative housing opportunities;
- the imposition of an interim suspension on the accused; and/or
- provision of resources for medical and/or psychological support.

A Complainant may wish to seek an order of protection from a court of appropriate jurisdiction against the alleged perpetrator in some circumstances. A Complainant may also seek restriction of access to Holy Family University by non-students or non-employees in certain circumstances.

For assistance obtaining these safety accommodations, please contact the Title IX Coordinator or Director of Public Safety. If safety is an immediate concern, the complainant is encouraged to contact local law enforcement for assistance as well.

**Investigation and Adjudication Procedures**
A full list of policies and procedures related to sexual misconduct are outline in this University Student Handbook.

**Making a Report**
The Title IX Coordinator will speak directly to the Complainant, take any statements wishing to be made, and will provide access to wellness resources. All choices regarding rights and reporting options will be reviewed. Should the reporting party wish to move forward with a formal report, the Title IX Coordinator will review next steps in the process.

**Interim Measures and Accommodations**
The University reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ rights and personal safety. The University Title IX Coordinator and the Dean of Students have the ability to offer protective measures that may be put in place. These measures and access to accommodations are available regardless of whether a reporting party wishes to move forward with formal reporting and resolution services.
Meeting of Rights
The Title IX Coordinator will meet with all parties involved, and make a determination regarding the allegations and whether to move forward to a formal investigation. Parties will be provided an opportunity to review all rights afforded to them. The Complainant and Respondent are entitled to the same opportunities to present relevant statements and witnesses during all procedures, and may have an advisor of their choice present for any proceeding.

Investigations
Trained investigators will provide an investigation that is committed to being prompt, thorough, reliable, equitable, fair and impartial. Investigators will interview the reporting and responding parties, necessary witnesses, and any individuals identified as necessary through the investigation process. Investigators will provide the Title IX Coordinator with a complete report of findings.

Determination of Actions
The written report will be reviewed, and the Title IX Coordinator will make a determination of whether or not to refer the actions to a Sexual Misconduct Hearing Board for review and determination.

Sexual Misconduct Hearing Board
A Board of three trained professionals will review the allegations, related investigation report, and recommendations as issued by the Investigators. Both the reporting and responding parties will be requested to meet with the Board. The Board will make a final determination of responsible or not responsible related to alleged violations. Should a student be found responsible for violating University policy or Code of Conduct, sanctions will be imposed and may include suspension or expulsion. Both the Complainant and Respondent will be informed in writing of the final determination.

Standard of Evidence
The University uses a preponderance of evidence standard. Using this standard, decision makers consider if, using the information and evidence given, it is more likely than not that a violation has occurred.

Appeals
All parties involved in these proceedings have access to appeal, may request a reconsideration, and will have equal rights to participation.

Sanctions
When an allegation of misconduct is brought to an appropriate administration’s attention, and a person is found to have violated this policy, serious sanctions will be used to reasonably ensure that such actions are never repeated. Sanctions for students include, but not limited to, reprimand, suspension, and expulsion.

Understanding Your Rights
Holy Family University strives to provide members of the campus community with fair and equitable resolution processes. You will be treated with care and support, and will be encouraged to speak with the University Counseling Center in an effort to help you navigate the process. The University has a list of available off-campus support services and resource agencies that will be provided to you.

The University will do everything it can to provide transparency to you through the process, and will consult with you before moving on to a formal investigation. The University will do its best to support your decision, if you choose to request to report anonymously. University officials must evaluate requests for confidentiality with our obligation to provide a safe environment for all community members, including yourself.

The University is committed to remedying any situation brought to its attention, ending discriminatory behaviors, and in limiting impact to our campus community.

Understanding Your Rights If You are Accused
The University strives to be fair in the handling of allegations of sexual misconduct. You have the right to due process, meaning you have the right to be notified of the allegations and an opportunity to respond to them. You also have the right to understand the university’s investigation and adjudication process. Questions concerning these procedures can be addressed to the Title IX Coordinator.

Smoking
This policy assists the university in becoming a healthier and safer environment. Administrators, faculty, staff, students, visitors and guests share the responsibility of adhering to and enforcing this policy. Recognizing health hazards posed by smoking and second-hand smoke, smoking and the use of tobacco products (in any form) are prohibited in any university-owned facilities and vehicles. Smoking is also prohibited within 25 feet from any campus building doors, operable windows, and ventilating systems. Littering the campus with remains of smoking products is prohibited. All smoking materials must be disposed of in appropriate receptacles. This policy’s success relies on the consideration of smokers and non-smokers alike.

Smoking refers to inhaling, exhaling, burning, or carrying any lighted or heated product intended for inhalation in any manner or in any form.

Tobacco use refers to the use of nicotine, tobacco-derived or containing products, and plant-based products including products intended to mimic tobacco products, oral tobacco or other similar products.
Social Media Policy
The growth of online social media—including networking sites such as Facebook, Twitter, and LinkedIn, media-sharing sites such as YouTube and blogs—represent a tremendous opportunity to extend Holy Family University’s Web presence in new ways. Never before has it been so easy to reach both existing and new constituencies with news, information, opinions, and insights. Holy Family enthusiastically welcomes this opportunity and offers to help all students, faculty, and administrators who wish to develop and maintain a University-related social media presence.

At the same time, the often informal nature of these sites can make it easy to forget the need to engage others with professionalism and respect. Understandably, Holy Family has a considerable interest in protecting its own image, fostering goodwill, and enhancing its reputation within the community, regardless of medium. Please adhere to the following policies and procedures if you are posting on behalf of an official University department or organization:

- Notify the University. Departments or University units that have a social media page or would like to start one should contact the Marketing/Communications Department at 267-341-3378 to ensure all institutional social media sites coordinate with other Holy Family University sites and their content. All institutional pages must have a full-time appointed faculty/staff that is identified as being responsible for content. For student clubs, this should be the moderator of the club/organization.
- Acknowledge who you are. If you are representing Holy Family University when posting on any social media platform, acknowledge this.
- Have a plan. Departments and organizations should consider their messages, audiences, and goals, as well as a strategy for keeping information on social media sites up-to-date.

Weapons
The presence and use of weapons on campus presents a potential threat to the safety of all community members. No student, staff member, faculty member or visitor shall keep, use, possess, display, or transport any rifles, shotguns, handguns, pellet or BB guns, dangerous knives, billy clubs, makeshift weapons, martial arts weapons, or any other lethal or dangerous devices capable of casting a projectile by air, gas, explosion, or mechanical means on any property or in any building owned or operated by the University or in any vehicle on campus. Realistic facsimiles of weapons are also specifically not allowed.

If attending classes on campus, Law Enforcement individuals must conceal their weapons. The University retains the right to search persons, possessions and bags, and privately-owned vehicles on University property, and to confiscate, retain and dispose of/destroy all items covered by this policy regardless of value or ownership. Law enforcement may be contacted for some violations of this policy.

IV. Holy Family Student Code of Conduct
Holy Family University, true to its motto Tenero Votis: I am bound by my responsibilities, educates students intellectually and morally to shape the responsibilities and privileges given to members of the University community. This Student Code of Conduct has been established in order to provide a safe and comfortable environment for all members of the campus community. As a Catholic university, Holy Family seeks direction and inspiration from the life and teachings of Jesus Christ, affirms the values of the Judeo-Christian tradition, and witnesses to the dignity of each person and the oneness of the human family. At the core of Holy Family’s Mission are the values of Family, Respect, Integrity, Service and Responsibility. Learning, and Vision which educate students to assume lifelong responsibilities toward God, society, and self. Students affirm this commitment through adherence to the Student Code of Conduct established within our community.

In the broadest terms, all members of the Holy Family University community are expected to uphold the following.

- Have integrity and the conscientious pursuit of truth and honesty.
- Have respect for self, others, their well-being and their property.
- Be responsible members of the University community and citizens that respect the policies of the University and the laws of the larger community.

Any behavior that violates standards set in the Student Handbook, the University Catalog, approved organizational Constitutions and by-laws, housing contracts and other University bulletins, as well as behavior that fails to meet the three University Expectations outlined above may violate the Student Code of Conduct. Specifically, any student or student organization alleged to have committed or alleged to have attempted to commit any of the following acts is subject to the judicial process outlined in this document.

This is not an all-inclusive list:

Proceedings in accordance with the judicial process may be carried out prior to, simultaneously with, and/or following criminal proceedings. Determinations made or sanctions imposed in accordance with the judicial process will not be subject to change solely because criminal charges arising out of the same facts were dismissed, reduced, or resolved in favor of the criminal law defendant.

The University regards the welfare and safety of the community of the utmost importance, and it is the responsibility of the community to report conduct or activity which poses a danger to the community or any of its members. The University encourages students, staff, and other members of the University community to assist when help is needed. This is most important in medical emergencies due to alcohol and/or drug use. In most cases, the help seeker will not be charged with a policy violation under the University Judicial Process, as determined within discretion of the University. A help seeker is defined as a person or persons, who actively seek help in an incident for fear or concern of someone’s safety and or welfare.

University Judicial Process

The University has set up specific guidelines to follow when alleged violations of the University’s Code of Conduct, the Residence Life Policies and Procedures, the University Catalog, as well as procedures and regulations in the Student Handbook have occurred. Sources of resolution for these alleged violations are as determined by the Associate Director of Residence Life, Director of Student Conduct & Advocacy and/or the Dean of Students. Instances involving academic violations (i.e., plagiarism, cheating, or classroom offenses) shall be determined by the Vice President for Academic Affairs under the Academic Honesty Policy.

The options available are:

1. Administrative Hearing
2. Judicial Board Hearing.

The University’s core values are emphasized throughout the judicial process. Holy Family looks upon these meetings and hearings as an opportunity for personal growth and development.

The University Judicial Process is not criminal or civil proceedings, but rather, administrative investigations to determine the violations of University policy. Civil or criminal procedures and evidence do not apply. To determine if a student is found responsible, the Administrative Hearing Officer or Judicial Hearing Board will use a “preponderance of the evidence” standard.

By accepting to attend Holy Family University, one is voluntarily affiliated to the University community. All student members are expected to uphold the standards set forth by the University community. This includes students who have been notified of their admission to the University and/or who are matriculated, enrolled or registered in any University academic program or activity at the graduate or undergraduate level. Students on a leave of absence and persons who were students when they allegedly violated the Code of Conduct and/or other university policies are also included.

The Student Code of Conduct shall apply to behavior that occurs on University premises and at University-sponsored events both on and off campus. The Code of Conduct may also apply to off-campus behavior of students where the interest of the University may be involved. Students are responsible for the behavior of their guests. The Associate Director of Residence Life, Director of Student Conduct & Advocacy and/or the Dean of Students, or their designee, shall determine, based on the facts and circumstances of each case, whether certain conduct will be adjudicated through the University Judicial Process.
Administrative Hearing

An Administrative Hearing may occur when the Associate Director of Residence Life or Director of Student Conduct & Advocacy has determined that a violation of University Policy and/or the Code Conduct does not require a Judicial Hearing Board. In some circumstances, an Administrative Hearing will be requested as part of an adjudication process. The University reserves the right to utilize the Administrative Hearing when deemed necessary, when less serious violations are considered, and at the discretion of the Associate Director of Residence Life or Director of Student Conduct & Advocacy. An Administrative Hearing Officer is a trained member of Student Affairs, and will meet with students regarding incidences of Policy or Code of Conduct Violations.

Judicial Hearing Board

The Judicial Hearing Board (JHB) is a group of faculty and administrators who are trained to hear cases that involve more serious violations of University Policy and/or the Code of Conduct. When a hearing is scheduled, the moderator will select three (3) trained representatives to serve on a hearing panel to hear a case. Board members shall disqualify themselves from serving on a Judicial Hearing Board case if they believe in good faith that they cannot be objective in the matter. Students will be provided with information regarding the composition of the Hearing Board at least 48 hours before a hearing. The student may object to a member for cause in writing at least 24 hours before a hearing. The moderator shall rule on all objections and replace any disqualifications.

The individuals that may comprise a Judicial Hearing Board will include the following members:

- **Board** - Members are selected from a group of faculty and administrators who have volunteered and been appropriately trained to hear cases.
- **Chairperson** - The chairperson is a voting member, who is a faculty member or administrator selected by the moderator on a case-by-case basis.
- **Moderator** - The Moderator is a non-voting member, namely the Associate Director of Residence Life or Director of Student Conduct & Advocacy, or their designee. The Moderator shall advise the JHB on appropriate matters, such as the type of information that may help in determining if the code of conduct was violated and prior sanctions relating to similar conduct. The Moderator shall facilitate the appropriate paperwork and record-keeping, as well as reserve the appropriate space for the hearing.

Judicial Procedures

Any member of the University community may file a complaint against a student or student organization alleging violations of the Student Code of Conduct and/or University policies. An incident report completed by a University Official (i.e., Public Safety or Residence Life) is directed to the Associate Director for Residence Life, or their designee, who begins the process. A complaint shall be submitted as soon as possible after the incident occurred, preferably within one week; however, the timeliness of the complaint shall be determined by the Associate Director of Residence Life based on facts and circumstances presented.

All judicial procedures are confidential.

A student has the right to:

- reasonably specific advanced written notice of charges.
- advance written notice of the date, time, and place of the hearing, unless such right is waived in writing by the student.
- a hearing conducted to ensure that an accused student has a fair and reasonable opportunity to answer, explain, and defend against charges.
- the opportunity for submission of written physical and testimonial evidence and for reasonable questioning of witnesses.
- reasonably sufficient interval between the date of charges and the date of the hearing to allow the student to prepare a response.
- an impartial hearing body.
- a final decision based upon the evidentiary standard.
- a written decision in which rationale is explained in detail.
- an advisor, who may be an attorney, to be present at hearings. The University may limit the participation of the advisor.
- the opportunity to appeal a decision of a hearing board, under reasonable circumstances.

Before a Hearing

When an alleged violation has occurred, the appropriate hearing officer or moderator shall notify the respondent via University email. The process of the hearing will be outlined in the notice. In order to schedule a hearing, the officer or moderator will consult class schedules to find a common available time. It is an expectation that students attend their hearings. Students have a right not to attend a hearing; however, as a result, the students forfeit the opportunity to provide additional information. Thus, the case will be conducted in the student’s absence. The student’s failure to attend does not limit the board or administrator from making a decision based on information available. If a student misses a hearing due to an emergency, it is the student’s responsibility to contact the hearing officer or moderator within 24 hours after a scheduled hearing. No student may be found to have violated a University policy solely based on a student’s failure to attend; nonetheless, a student is responsible for completing any sanction received as a result of a hearing.

Hearing Procedures

The judicial process is designed to encourage open discussion among the participants that promotes understanding of the facts, the individuals involved, the circumstances under which the incident occurred, and the nature of the student’s conduct. Hearings are private meetings; parents or legal counsel are not permitted and cannot be a part of these proceedings.

The Administrative Hearing Officer or JHB determines as to each student, and to each violation charged, whether the student is responsible for violating university policies. This determination shall be based upon the facts of the conduct alleged, as well as whether it is more likely than not that the student is responsible for the alleged violation(s).
Advisors
A student may select an advisor to advise them at any judicial proceeding. An advisor can be another student, a friend, a faculty/staff/administrator, a member of the family, or an attorney. Generally, an advisor is present to provide support for a student. Should an advisor not adhere to their standards in that role, the Hearing Board Chairperson will request that the advisor comply with the limitations and provide a warning. If noncompliance persists, the advisor will be required to remove themselves from the hearing. An advisor cannot actively participate in the judicial proceeding.

Factors Considered in Sanctioning
If a student is found responsible for violating a policy, a sanction shall be imposed. The following shall be considered in determining sanctions: motivation, honesty, maturity, cooperation, present attitude, past record, the severity of damage, injury, harm, disruption or the potential for such willingness to make amends, and compliance with previous sanctions. A student’s cumulative judicial file will be considered in sanctioning.

Sanctions for University Policy/Code of Conduct Violations
The University encourages opportunities for administrative hearing officers or the JHB to find sanctions that may be tailored to a student’s situation or needs. As a result, the following shall be considered in determining sanctions: motivation, honesty, maturity, cooperation, present attitude, past record, the severity of damage, injury, harm, disruption or the potential for such willingness to make amends, and compliance with previous sanctions. A student’s cumulative judicial file will be considered in sanctioning.

• Warning: Written or verbal notice given that is kept on file
• Program Attendance or Facilitation: Expectation to attend or facilitate an educational program(s)
• Writing Assignment: Requirement to complete a relevant research and/or reflection paper
• Discretionary Sanctions: Requirement to complete and or participate in work assignments, community service, University services or programs, or other related discretionary assignments
• Loss of Privileges: Denial of specific privileges for a defined period of time (e.g., guest, computer, housing selection, visitation, dining services, University representation, co-curricular activities, athletic participation, work study position, leadership role)
• Counseling Assessment/Meetings: Complete a number of counseling or assessment sessions
• Fines: Requirement to pay a specified monetary fee to the University
• Restitution: Requirement to make payment to the University, other persons, groups, or organizations for damage
• Administrative Relocation in University Housing: Requirement to be placed in an assigned or relocated space in University Housing
• Disciplinary Probation: A period of fixed duration, during which the status of a student at the University may be evaluated. This includes the possibility of more severe sanctions if the student is found responsible for violating University policy during the probationary period.
• Deferred Suspension: A designated period of time during which a student is given the opportunity to demonstrate the ability to abide by University policies. If the student is found in violation of any University policy during the time of deferred suspension, a suspension may take effect immediately without further review. Additional sanctions appropriate to the new violation may also be issued.

Failure to abide by or complete any sanction shall be considered an additional violation of the Code of Conduct. Failure to pay a fine, for example, can result in increased fines or additional sanctions being added to the fine. Incomplete sanctions may result in a hold placed on the student’s account, preventing registration.

Notification of Hearing Outcome
The student shall be notified in writing via their Holy Family University email, of the outcome of a hearing within three (3) business days after a hearing. University may only disclose the results of a hearing by which is permitted by law. Proper University authorities shall be notified of any sanction. Parents of students under 21 may be informed of the code of conduct violations with respect to the use of possession of alcohol or controlled substance.

Application of Interim Suspension or Conditional Attendance
Routine infractions of the Student Code of Conduct will be addressed through the appropriate University judicial system processes. In certain circumstances, the University may, through its Dean of Students or designee, impose a suspension prior to a review of misconduct within the University’s judicial system. An interim suspension (immediate separation from the University) may be imposed for the following reasons:

1. To ensure the safety and well-being of members of the University community or preservation of University property;
2. To ensure the student’s own physical or emotional safety and well-being; and/or
3. If the student poses a definite threat of disruption of or interference with the normal operations of the University.
As an option, a student may be given guidelines for conditional attendance (e.g., housing/class relocation) by the Dean of Students or designee. During this time a student may be denied access to the residence halls and/or the campus, including classes, and/or other University activities or privileges for which the student might otherwise be eligible. There is no appeal for this status, but the University shall make every effort to conduct the judicial process without undue delay. The student shall remain on Interim Suspension/Conditional Attendance until the hearing and/or an appeal determines their status. In addition, at any time after filing a complaint, the Dean of Students or designee may place a registration hold on the record of any student pending the outcome of proceedings or enforcement of sanctions. A registration hold may also prevent registration of classes, the release of transcripts, and the award of a degree.

University Withdraw Prior to Judicial Hearing Process
If a student voluntarily withdraws from the University while involved in the judicial process, a registration hold shall be placed on the student’s account. The student will not be permitted to re-enroll until after the Judicial Process has been concluded and/or the sanction in their absence is completed.

Appeals Process
Students who wish to appeal are granted the opportunity through the appeals process. All appeal requests shall be directed in writing to the Vice President for Student Affairs, or their designee, within five (5) business days of written notification of the action taken by the Hearing Officer or the JHB. The appeal should be delivered to the Vice President for Student Affairs via email. The appeal process is reserved for serious sanctions only. In the appeal letter, a student must clearly demonstrate that one or more of the following has occurred to be considered for an appeal:
1. Material failure to follow procedures of the Judicial Process that has affected the outcome.
2. New information sufficient to alter a decision that was not reasonably available at the time of the original hearing.
3. Sanction(s) was/were not consistent for the violation(s) of a University Policy.

Appeals submitted for other reasons or past the allotted time will not be considered. The Vice President for Student Affairs determines if the appeal is warranted. The Vice President for Student Affairs, along with the Appellate Board Members, will review all available information pertaining directly to the appeal, and shall make a decision within five (5) business days. The Appellate Board will consist of three (3) trained members. The Appellate Board may replace the sanction with another which may be more severe, less severe, or otherwise different, may remand the case for consideration, and/or may direct the case for a new hearing. If the Vice President for Student Affairs finds no merit to the appeal, the decision of the original hearing will stand. While an appeal is pending, sanctions are not in effect unless an interim suspension/conditional attendance has been imposed on the student.

Judicial Process – Allegations of Sexual Misconduct and Conduct Covered under Title IX
The Judicial Process for alleged violations of the Sexual Misconduct Policy are subject to review by a Sexual Misconduct Hearing Board.

Procedures
Sexual Misconduct Hearing Board
The Sexual Misconduct Hearing Board is a group of faculty and administrators who are trained to hear cases that involve more serious violations of the Code of Conduct. When a hearing is scheduled, the Moderator will select three (3) trained representatives to serve on a hearing panel to hear a case. Board members shall disqualify themselves from serving on a Hearing Board if they believe in good faith that they cannot be objective in the matter. Students will be provided with information regarding composition of the Hearing Board at least 48 hours before a hearing. The student may object to a member for cause in writing at least 24-48 hours before a hearing. The Moderator shall rule on all objections and replace any disqualifications.

The Hearing Board panel will include the following members:
• Board - Members are selected from a group of faculty and administrators who have volunteered and been appropriately trained to hear cases.
• Chairperson - The chairperson is a voting member, who is a faculty member or administrator selected by the Moderator on a case-by-case basis.
• Moderator - The Moderator is a non-voting member, who is selected by the Title IX Coordinator. The Moderator may be either a University employee or a non-University employee appointed by the Title IX Coordinator, with the decision within the sole discretion of the Title IX Coordinator. The Moderator shall advise the Hearing Board Members on matters, such as the type of information that may help in determining if the code of conduct was violated and prior sanctions relating to similar conduct. The Moderator shall facilitate the appropriate paperwork and record-keeping, as well as reserve the appropriate space for the hearing.

Process Overview
The Title IX Coordinator and their designees are responsible for the enforcement of the University’s sexual misconduct policies and regulations. The designees include University officials acting in the best interest of the University, or a non-University individual appointed by the Title IX Coordinator. The decision to designate designees, and whom to designate, is within the sole discretion of the Title IX Coordinator. Any member of the University community may file a complaint against another member of the University community alleging violations of the Sexual Misconduct Policy. An incident report should be completed by a University Official (e.g., Public Safety or Residence Life) and directed to Title IX Coordinator to process. A complaint shall be submitted as soon as possible after the incident occurred; however, the timeliness of the complaint shall be determined by the Title IX Coordinator based on facts and circumstances presented.

All procedures are confidential.
All parties involved have the right to:
* reasonably specific advanced written notice of charges.
* advance written notice of the date, time, and place of the hearing, unless such right is waived in writing by the student.
* a hearing conducted to ensure that an accused student has a fair and reasonable opportunity to answer, explain, and defend against charges.
* the opportunity for submission of written physical and testimonial evidence and for reasonable questioning of witnesses.
* reasonably sufficient interval between the date of charges and the date of the hearing to allow the student to prepare a response.
* an impartial hearing body.
* a final decision based upon the evidentiary standard.
* a written decision in which rationale is explained in detail.
* an advisor, who may be an attorney, to be present at hearings. The University may limit the participation of the advisor.
* the opportunity to appeal a decision of a hearing board, under reasonable circumstances.

Investigations
Upon receipt of a complaint of sexual misconduct, including sexual harassment and sexual assault, intimate partner violence and stalking, the Title IX Coordinator will institute an investigation, which may be conducted by a member of the University administration, a non-University individual appointed by the University, or a combination. The composition of the investigator(s) will be within the sole discretion of the University. At the completion of the investigation, the investigator will prepare a report of findings, which will be provided to the Title IX Coordinator, who will determine if charges are warranted.

Sexual Misconduct Hearing Board
When it has been determined that an alleged violation may have occurred, the appropriate hearing moderator shall notify all involved parties in writing and via University email. The process of the hearing will be outlined in the notice.

The Complainant and Respondent will be provided a list of the witnesses, a summary of witness’ statements, and a description of relevant physical evidence and documents. While the Complainant and Respondent will not be permitted to ask direct questions during the hearing, they will have an opportunity to provide a list of questions to be asked at the hearing. The University has discretion as to which questions will be asked.

It is an expectation that students attend their hearings. Students have a right not to attend a hearing; however, as a result, the students forfeit the opportunity to provide additional information. Thus, the case will be conducted in the student’s absence. The student’s failure to attend does not limit the board or administrator from making a decision based on information available. If a student misses a hearing due to an emergency, it is the student’s responsibility to contact the hearing officer or moderator within 24 hours after a scheduled hearing. No student may be found to have violated a University policy solely based on a student’s failure to attend; nonetheless, a student is responsible for completing any sanction received as a result of a hearing.

If a parallel criminal investigation is underway and a Respondent is advised to exercise their Fifth Amendment Right not to speak, the Respondent will be considered unavailable and the University may elect to proceed with the hearing as required by law. However, the University also has the right to stay the proceeding until the law enforcement investigation is complete, within the sole discretion of the University.

The adjudication process is designed to encourage open discussion among the participants that promotes understanding of the facts, the individuals involved, the circumstances under which the incident occurred, and the nature of the student’s conduct. Both the Complainant and Respondent may be accompanied by an advisor of choice. However, the University may limit the participation of the advisors. Generally, advisors of choice are not permitted to directly participate in the proceedings, but can confer with their advisee during the proceedings. If an advisor of choice violates these restrictions, the University, in its sole discretion, can exclude the advisor of choice from further proceedings.

The process is not criminal or civil proceedings, but rather, internal administrative determinations of violations of institutional policy. Civil or criminal rules of procedures and evidence do not apply. The Title IX Coordinator or designee will make the final determination on the appropriateness of non-institutional information. Hearsay information may be considered if material to the issue is such information that a reasonable person is accustomed to rely on. After receiving information at the hearing, the Sexual Misconduct Hearing Board determines as to each student and to each violation charged, whether the student is responsible for violating the university policies. This determination shall be based upon the facts of the conduct alleged, applying a “preponderance of the evidence” standard, whether it is more likely than not that the student is responsible for the alleged violation(s). Subsequent reviewers shall not determine anew whether there was a violation.

Sanctioning
If a student is found in a hearing to violate a policy, a sanction shall be imposed on the responsible person or party. In addition to the violation itself, the following shall be considered in determining sanctions: motivation, honesty, maturity, cooperation, present attitude, past record, both positive and negative, the severity of damage, injury, harm, disruption or the potential for such, willingness to make amends, and compliance with previous sanctions.

Holy Family University has zero-tolerance policy for incidences of sexual misconduct. As such, a student found responsible for violating the Sexual Misconduct Policy may expect to receive a sanction of suspension or expulsion. The University reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ rights and personal safety as set forth in the Sexual Misconduct Policy.

Notification of Hearing Outcome
The student shall be notified in writing, in the form of an email to the student’s Holy Family University email account of the outcome of a hearing, in most cases within three business days after a hearing. Other than to the student, the University may only disclose the results of a hearing by which is permitted by law. The proper University authorities shall be notified of any sanction. In some cases, as consistent with application considerations,
parents of dependent students may be notified of the outcome of a hearing or scheduled for a meeting with staff regarding the student’s status at the University. The University will disclose to the alleged complainant of sexual misconduct, or to the complainant’s next of kin, the final results of any University Sexual Misconduct Hearing Board dealing with the relevant incident. At the same time, the Respondent will be advised of the final results of the University Hearing.

University Withdrawal Prior to Hearing Process
If a student voluntarily withdraws from the University while involved in the sexual misconduct hearing process, a registration hold shall be placed on the student’s account. The student will not be permitted to re-enroll until after the hearing process has been concluded and/or the sanction in their absence is completed.

Appeals Process
Students who wish to appeal are granted the opportunity through the appeals process. All appeal requests shall be directed in writing to the Dean of Students, or their designee, within five (5) business days of written notification of the action taken by the Sexual Misconduct Hearing Board. The appeal should be delivered to the Dean of Students in the Campus Center or emailed directly.

The appeal process is reserved for serious sanctions only. In the appeal letter, students must clearly demonstrate that the following has occurred to be considered for an appeal:

- A material failure to follow procedures of the Sexual Misconduct Policy adjudication process that has affected the outcome.
- There is new information sufficient to alter a decision that was not reasonably available at the time of the original hearing.
- The sanction was not consistent for the violation(s) of the University’s Sexual Misconduct Policy.

The Dean of Students determines if the appeal is warranted. The Dean of Students, along with the Appellate Board, will then review all available information pertaining directly to the appeal, and in most cases the Appellate Board shall make a decision within five (5) business days. The Appellate Board will consist of three voting members chosen from the faculty or professional staff, including the Dean of Students. The Appellate Board may replace the sanction with another which may be more severe, less severe, or otherwise different; remand the case for consideration; and direct the case for a new hearing. If the Dean of Students finds no merit to the appeal, the decision of the original hearing still stands. While an appeal is pending, sanctions are not in effect unless an interim suspension/conditional attendance has been imposed on the student. In cases where the Dean of Students is a party to the hearing, a designee(s) from the appeals board will review and hear the appeal.

Retaliation
Retaliatory conduct against any Complainant or Witness will not be tolerated and will be grounds for discipline up to and including expulsion. Further, complainants and witnesses will be disciplined for filing false complaints or providing false testimony during an investigation.

Alcohol and Other Drugs
This policy expresses Holy Family University’s educational concern for our students to achieve the greatest level of personal and academic success by creating an environment for growth by and among its community and its commitment to the physical and emotional health and well-being of all those who work, study, or congregate at the University. It applies to all members of the University including students, faculty and staff, alumni, friends and guests on the University campus. The University reserves the right to take disciplinary action against any member of the University community for off-campus behavior that violates this policy.

The possession, use, distribution, or sale of narcotics or drugs other than those medically prescribed, and stored in the original container, by students, faculty, staff, or visitors on university grounds or while on University business is prohibited. Off-campus possession, use, distribution, or sale of narcotics or drugs by students, faculty or staff is inconsistent with the university’s policies and goals, and is therefore prohibited. Any and all types of drug paraphernalia, including, but not limited to, bongs, pipes, and any items modified or adapted so they can be used to consume drugs, are not permitted on university property.

Students are expected to immediately report conduct or activity which poses a danger to the community or its members. This is most important in medical emergencies due to drug or alcohol use. Students should not hesitate to seek help because of fear of disciplinary action. An individual person who actively seeks help for an intoxicated or under the influence will not, in most circumstances, be charged under the University Judicial Process for seeking help, as determined within the discretion of the University. If applicable, an investigation into the event may be deemed necessary. While Holy Family reserves the right to follow its own judicial process, Holy Family University works in collaboration with the Philadelphia Police Department when any federal, state, or local laws are violated.

State Law of Pennsylvania on Alcoholic Beverages
In addition to violations of University policies, there are state and local laws including, but not limited to, Title 18 (Pennsylvania Crimes Code) and Title 75 (the Pennsylvania Vehicle Code) that impose significant criminal penalties if violated:

Title 18: Note, in particular, Sections 5505 (Public Drunkenness); 6307 (Misrepresentation of Age to Purchase Liquor or Malt Policies, Regulations, Statements and Guidelines Brewed Beverages (Beer)); 6308 (Purchase, Consumption, Possession or Transportation of Liquor or Malt or Brewed Beverage by a Minor); 6310.1 (Selling or Furnishing Liquor or Malt or Brewed Beverages to Minors); 6310.7 (Selling or Furnishing Non-Alcoholic Beverages to Persons Under 21); 6310.2 (Manufacture or Sale of False Identification Card); 6310.3 (Carrying a False ID); and, 3809 (Restriction on Alcoholic Beverages (Open Container)).

Title 75: Note, in particular, Sections 3718 (Minor Prohibited from Operating with Any Alcohol in System); 3802 (Driving Under the Influence of Alcohol or Controlled Substance); 3802(a) (General Impairment); 3802(b) (High Rate of Alcohol); 3802(c) (Highest Rate of Alcohol); 3802(d) (Controlled Substances); 3802 (e) (Minors); 3802(f) (Commercial or School Vehicles); 3735 (Homicide by Vehicle While Driving under the Influence); and, 3735.1 (Aggravated Assault by Vehicle while Driving under the Influence).
Examples of alcohol violations include, but are not limited to:

- Possession and/or consumption of alcohol;
- Knowingly furnishing, transporting, and/or allowing minors to consume alcohol;
- Use of alcohol resulting in involuntary, erratic and/or abusive behavior;
- Possession of a keg, beer ball or other common source alcohol containers;
- Involvement in the high-risk use of alcohol;
- Persons observed in a residence on campus or off-campus when an open container of alcohol is present; and
- Open container of alcohol in a public area.

State Law of Pennsylvania on Drugs

State law prohibits the unauthorized manufacture, sale, delivery and possession of controlled substances. Persons may be subject to 30 days’ imprisonment and a $500 fine for simple possession of a small amount of marijuana (misdemeanor), a maximum of 15 years imprisonment and a $25,000 fine for manufacture, delivery or possession of a Schedule I or II controlled narcotic drug such as cocaine, PCP, and LSD (felony).

Sentences can be doubled for second and subsequent convictions. Sentences can also be doubled for distribution of controlled substances to persons under the age of 18. Penalties range from mandatory minimum sentence of one year and a $5,000 fine for the first conviction or to a mandatory minimum sentence of seven years and a $50,000 fine for subsequent convictions for the manufacture, delivery or possession of 100 grams or more of a Schedule I or II controlled narcotic drug.

Holy Family University students are subject to prosecution under the Pennsylvania Controlled Substance; Drug, Device and Cosmetic Act for drug abuse and unlawful drug use and unlawful drug sales. The following state and federal laws concerning specific illicit drugs are drawn from the Controlled Substance, Drug, Device and Cosmetic Act, 35 p.s. section 107 708-113 et, seq. of the Commonwealth of Pennsylvania and from the Federal Drug Abuse Prevention and Control Act, 2 U.S.C.A. 801, et, seq., (specifically, the penalties for manufacturing, distributing, dispensing or possessing a controlled substance are found in section 84l of the Act).

Other Drugs Policy

The use, possession, or distribution of illegal narcotics or other controlled substances except as expressly permitted by federal, state and/or local law is prohibited. The misuse of prescription drugs is also prohibited. Drug paraphernalia such as bongs, hookahs, roach clips, pipes, and other drug paraphernalia, which may indicate illegal drug use, are prohibited on campus and possession may result in disciplinary action. Students present in an incident involving drugs who have taken no action to remove themselves from, seek help for, or prevent the behavior could be subject to the same repercussions as those actively involved. Examples of drug violations include, but are not limited to:

- Illegal or improper use, possession, cultivation, distribution, manufacture, or sale of any drug(s), including prescribed medications;
- Illegal or improper use of solvents, aerosols, or propellants; and
- Administration or employment of drugs or intoxicants causing another person to become impaired without his or her knowledge.

Pennsylvania Liquor Laws: www.lcb.state.pa.us/

It shall be unlawful for a person less than twenty-one (21) years of age to attempt to purchase, consume, possess, or knowingly and intentionally transport an alcohol or malt or brewed beverage within the commonwealth. The penalty for the second or third violations is a fine no greater than $500.00. It is unlawful to misrepresent your age, or transfer a registration card for the purpose of falsifying age to secure malt or alcoholic beverages. The penalty for the second or third violations is a fine no greater than $500.00. It in unlawful to sell, furnish, or give any minor under twenty-one (21) years of age any malt or alcoholic liquor. The penalty for the second or third violations is a fine no greater than $500.00.

Alcohol Policy

The University prohibits students to consume or possess alcohol under any circumstances. The possession, use, distribution of alcohol, or possession of paraphernalia by members of the University community may result in disciplinary action. Intoxication, disorderliness, or offensive behavior that may be related to alcohol will also result in disciplinary action. The policy also extends to University-related events conducted off campus. The University, under strict approval of the President, may conduct specialized events where alcohol is served; these events must be properly registered and steps must be taken to prevent under-age consumption.

It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place is illegal. It is also a violation of the Holy Family University policy for anyone to consume or possess alcohol in any public or private area of campus without prior University approval.

Members of the University community are expected to be aware of and obey state and municipal laws or ordinances regulating the use, possession or sale of alcoholic beverages and federal and state laws regarding controlled substances. Those who are cited for violations of laws or ordinances by state, federal, or municipal authorities may also face University disciplinary proceedings and may be required to pursue counseling, an educational program, or treatment. Resident students should reference the Residence Life Policies outlined in this Student Handbook for specific information regarding expectations of resident students with regard to the alcohol policy.

Examples of alcohol violations include, but are not limited to:

- Possession and/or consumption of alcohol;
- Knowingly furnishing, transporting, and/or allowing minors to consume alcohol;
- Use of alcohol resulting in involuntary, erratic and/or abusive behavior;
- Possession of a keg, beer ball or other common source alcohol containers;
- Involvement in the high-risk use of alcohol;
- Persons observed in a residence on campus or off-campus when an open container of alcohol is present; and
- Open container of alcohol in a public area.
Alcohol and Other Drug Abuse Prevention
Research on the abuse of alcohol and the use of other drugs by college students indicates that these behaviors pose a serious threat to the educational environment, which includes not only the campus but the surrounding community as well. Therefore, the efforts of the University are primarily directed toward educating students about the effects of alcohol and other drug use and helping them learn to make healthy choices.

Health risks associated with the use of illicit drugs and alcohol abuse may include but not limited to heart problems, malnutrition, convulsions, cancer, hepatitis, liver damage, coma and death. Related and equally serious risks include: impaired judgment, sexual assault, unplanned pregnancy, inability to manage academic stress, and academic failure. Recognizing that students may need to seek support for addressing difficulties that can arise from alcohol and/or other drug use, Holy Family University encourages them to visit the Counseling Center, University Health Services, or Campus Ministry. Confidentiality will be strictly enforced as required by the code of ethics of the individual professional.

All students are encouraged to seek early help if they feel they have a problem with alcohol and/or other drugs, and to learn how to assist others with substance abuse problems. It is less likely that serious consequences will result from an alcohol or other drug problem with early assistance. Through the Counseling Center, students have free access to licensed professional counselors for an initial screening/consultation and short-term counseling in regards to a concern around substance use, with possible referral to an outside agency.

Other resources which are available within the community for assistance include:

Referrals to a community agency are provided if a student’s behavioral history, objective assessment, and individual and/or family interviews indicate more appropriate services are needed than can be provided by the Counseling Center. Counseling is available to students who have successfully completed a rehabilitation program and wish to return. Students may remain on campus if they are capable of maintaining a satisfactory level of performance while participating in a substance rehabilitation program that provides confidential communication to the counseling or health services.

V. Residential Living Policies and Procedures
The Office of Residence Life strives to provide residents a safe place to live, learn, and grow through residential programming, community outreach (interaction), and community standards. With this mission in mind, the students living in university housing are expected to treat their fellow students and neighbors with the utmost consideration while making every effort to maintain respectful relationships within our community.

Students living in university housing are expected to abide by the following policies, procedures, and expectations governing students living within Holy Family University’s residence halls. Adherence to these policies, procedures, and expectations helps to ensure that the campus community is a pleasant, fair, and enjoyable place to live. Students in violation of these policies, procedures, and expectations may be subject to disciplinary action as dictated by the University’s Code of Conduct. Questions concerning these policies, procedures, and/or expectations, should be directed to the Office of Residence Life. These policies, procedures, and expectations may be amended by the Office of Residence Life during the course of the academic year at any time. Please refer to the Residence Life Housing Contract for additional policies and procedures.

Residence Life Community Expectations
The Office of Residence Life works diligently to create a welcoming, safe, and warm atmosphere within the residence halls. All Holy Family University students have the right to basic dignity and respect. Students have the right to be free in their residences from undue noise, odors, and/or behaviors that impede the pursuit of their education. No student shall be subjected to conditions that might involve a violation of the law in his/her own residence or common area. Any student found infringing on another student's rights may face disciplinary actions.

Students who feel that their basic dignities are being infringed upon, are encouraged to respectfully confront inappropriate, disruptive behavior and/or attempt to resolve their complaints with involved parties. Depending on the severity of the inappropriate behavior, students may seek the assistance of professional Residence Life staff members and student Resident Advisors. The Residence Life staff is here to listen, assist, and support students with any issues or concerns. Residence Life staff can’t properly assist students who do not report issues of concern within their living space. Discounts are not offered for students who have issues within the residence halls.

Residency Requirements
Residential living is a vital component of a student’s social and educational experience which encourages engagement within the campus community. Therefore, all residents in university housing must be full-time undergraduate students (12 credits minimum) and in good academic standing. Graduate housing will only be granted if there is availability. If a student falls below the mentioned number of credits due to dropping a class, changing majors, etc., the Office of Residence Life should be notified by the resident immediately. After being notified by the student and/or the university’s academic offices, Residence Life
will determine if university housing will still be granted. If housing is granted, the part-time student will automatically be placed on disciplinary probation until the term ends, or they become full-time again. Students must start each term as at full-time credit status. Exceptions may be made for seniors who don’t have a full credit load left. These requests must be made in writing to the Associate Director of Residence Life.

Health insurance is required for all resident students. Proof of insurance will be required annually upon applying for university housing. Students are responsible for notifying Health Services and Residence Life if any changes or cancellations to their policy occur. Please see Health Services in Stevenson Lane (113D) for more information. All medical records, including immunizations and physical forms, must be completed and up-to-date before a student can reside on campus.

A. HOUSING POLICIES

Assignments

Housing assignments and placements are the exclusive responsibility of the Office of Residence Life. Residence Life reserves the right to change or modify housing assignments and fill housing vacancies, as necessary, for any reason. Students may not change assignments without authorization of Residence Life. Attempts to manipulate the housing assignment process may result in disciplinary action.

Cancellation of Housing Contract or Withdrawal from Housing

If a student decides to move out of housing after the fall semester, and remains enrolled at the University, the student will be charged a $500 housing cancellation fee. If a student is moving out due to a financial hardship, they may submit a petition for a cancellation fee waiver to reslife@holyfamily.edu summarizing the details of the hardship. The request will then be brought to the Housing Cancellation Committee for review. All decisions made by the committee are final and non-appealable. For full consideration, requests are due to the Housing Cancellation Committee by December 1st. Once a student moves in, refunds will not be given and the entire semester’s room and board payment is due. If a student decides not to return for spring housing, room and board will be removed and the bill can be adjusted without spring room and board charges (see cancellation fee information above).

Residence Life reserves the right to remove a student from residence for failure to meet his/her financial obligations to the University. For students who complete the full academic year, the deposit will be refunded (minus any housing charges - if applicable) during summer refunds from the Business Office. Please see the housing contract for more information. A signed housing contract is required for all residents each year.

Move In, Move Out, and Closings

In signing a University housing contract, students agree to move into and out of their assigned spaces during the allotted times as designated by Residence Life. In addition, students may be asked to leave their housing due to suspension, withdrawal, other judicial situations, leave of absence, or termination of full-time status. Upon move out, students are expected to return the space to its original, clean condition. Failure to do so will result in fines being assessed.

There are limited instances when Residence Life permits students to access the residence halls prior to scheduled move-in dates or remain in residence beyond the scheduled move-out dates. All residents will receive an email with break and closing/opening information. It is the student’s responsibility to request, prior to the given deadline, if the student needs an exception. In addition, all hall closings and openings are listed online.

Students who are moving in or moving out, may only move outside of quiet hours to ensure that all residents are not disturbed by moving furniture, excessive noise, etc.

University Holidays and Break Housing

Residence halls and dining services are closed when the university is closed (i.e. winter break). If a student has an extreme circumstance and wants to stay during a break period, a student must submit a request to reslife@holyfamily.edu by the given deadline. Residence Life staff will review the request and respond to the student with an approval or denial. Students may be asked to consolidate into other buildings for reasons of safety and security during break periods. The dates and times for all hall openings and closings can be found on the website, posted in the halls, or on the University calendar. Family vacations, flights, and other personal reasons are not considered extreme circumstances and students should be planning ahead accordingly. Students who receive permission to remain on campus are subject to the break housing policies, must sign a break contract, and will be charged $25 per day for housing (charges excluding university related reasons such as in-season athletes). Students who fail to notify the Office of Residence Life and/or fail to follow proper break housing procedures are in violation of the code of conduct and will face sanctions and/or fines.

Students who have violated campus policy during a break housing period will be asked to arrange other accommodations for the remainder of the break period and will not be permitted to stay during subsequent break periods. Due to limited staffing during breaks, there are additional, slightly different policies for students to follow. Students here during breaks will be required to sign the break housing agreement, which lists all of the additional break policies. Students may not stay if they do not complete these agreements prior to the halls closing.

Due to limited staffing over breaks, the University has determined that the only residential building open during break periods will be Stevenson Lane Resident (SLR). Therefore, the Garden Residence Apartments (GAR) will be closed for each break period, and students will not be permitted to reside in the apartments during these breaks for any reason. This area of campus will be closed. Break periods include Thanksgiving, Winter Break, Easter, and Spring Break. During break periods, Garden Residence students will be responsible for finding their own alternative lodging/meals. We ask that students keep this change in mind when signing up for the Garden Residence Apartments, especially if they are student teaching, have a practicum/internship, are an in-season athlete over a break period, are an international student/live far away, or have another University reason to need to be here during break. Break contracts will still be required for all students who remain during break periods in Stevenson Hall. Hall openings and closings are posted on the Residence Life website and will be emailed out in advance. It is a student’s responsibility to be aware of all hall openings and closings and to make appropriate plans as needed.
Room Changes
Room changes may be accommodated after the second week of the semester if there are available vacancies. Students are not permitted to make a room change without prior approval from Residence Life. Unauthorized room changes will result in disciplinary action. Residence Life will only support a room change if the students have exhausted all other options (i.e., roommate discussions, roommate contracts, and mediation), or for agreed upon swaps. No student, under any circumstances, can force another to vacate a space. The Office of Residence Life will not approve room changes solely on the basis of difference of race, religion, sexual orientation, physical disability, national origin, or age. Any such efforts will be referred for disciplinary action. Students who are in a double/triple room may receive a roommate at any time throughout the semester, and Residence Life reserves the right to consolidate rooms whenever it deems necessary. Students who do not want to consolidate, may be allowed to stay if there is space, but must pay the single room rate.

ROOMS AND COMMON AREAS

Common Area and Common Area Furniture
Common areas and furniture are provided by Residence Life for all students in the community to enjoy and use. Common area furniture may not be used or moved into a student’s individual room. Students who move lounge or common area furniture into their rooms will be required to return the furniture to its proper location and may be referred to disciplinary action. Students are also not permitted to take common area furniture outside of the building or to an unauthorized location, such as inside an elevator. If common area furniture breaks while a student is there, the student should report the incident to Residence Life staff. Subsequent violations of our common area furniture policy will result in further disciplinary action.

The residents of a hall/building are responsible for the condition of all public areas and University-owned furnishings. Vandalism, damage, or missing University property will be billed to the residents of that particular suite, hall, apartment, or building. Room costs reflect the actual cost of housing students and maintaining residence halls. Since no allowances are made for theft or damages, such costs must be endured by members of the community. All acts of vandalism or damage should be reported to Residence Life or the Public Safety Office. Vandalism can include, but is not limited to, damaged property, graffiti, unwanted mess, or excessive trash in common areas.

Room Condition
All residents are strongly encouraged to complete a Room Condition Form (RCF) within 48 hours of moving in. The RCF is used to compare the condition of the room between the time of move-in and the time a student moves out. Students may note any damages, missing furniture, or discrepancies on the RCF. Students are responsible for any damages that were not noted on the RCF when they signed off. Unless a student accepts responsibility for the particular damage, all occupants of the room/suite/floor/apartment will share the cost of repair or replacement for damaged items equally. Damage claim forms are available for students to take responsibility for their damages. If an RCF is not signed and returned to the Residence Coordinator by the designated due date, Residence Life will assume that the room was without damages and the student will be unable to appeal any damages assessed at the end of the year by Residence Life staff.

Residents who change rooms during the year must check out of their old room and into their new room, completing both RCFs accurately and on time. It is the responsibility of the resident who changes rooms to acquire a new RCF and report any damages upon move-in, in order not to be held responsible for such damages.

Room Cleaning
Students are required to maintain a level of cleanliness and safety in their rooms. Although custodial services are provided for public areas, students are expected to assist in keeping those areas clean as well. This includes using trash rooms and not stacking trash in containers in the hallways. If a student’s room is deemed extremely unclean or the smell is affecting those around them, staff will ask students to clean the area. In situations where areas are excessively dirty, the residents of that hall may be charged for the necessary cleaning.

Room Decorating
Students are encouraged to personalize and decorate their room, suite, or apartment within reason. Students are not permitted to make any permanent alterations, including painting walls, adding wallpaper, or covering with anything that will not remove without damaging the wall. No shelving or other construction is permitted unless it is free standing. When hanging items, students should use painter’s tape only, to avoid damaging walls. Using tacks, nails, or other tape will cause holes and paint damage to the wall. Should students make permanent alterations, they will be billed for the cost of repainting and repairing any changes that occurred. We caution students about using sticky tack and hooks that say they will not leave marks because they often still do. Students are responsible even if they use these products and they cause damage to the room.

Students are encouraged to make their rooms cozy and like home, however we ask that students bring products that are new or lightly used and ensure that there are no bed bugs, fleas, or other problems coming in with the furniture that can be spread throughout the halls. Students should consult their roommates before bringing any items in or making any changes to a room. Most rooms cannot accommodate many additions; so, it is wise to consult with a roommate and Residence Life staff to avoid any future problems. Please consult all of the other policies to make sure your items are approved to be in the halls.

University furniture cannot be removed in place of personal items, i.e. mattresses. Inappropriate posters, signs, stickers, or other items hung in windows outwardly displayed toward public areas are not permitted. Students displaying advertisements, posters, pictures, etc. in plain sight that are found to be offensive will be asked to remove such items. As alcohol consumption is an inhibitor of academic accomplishment and a primary factor in vandalism, disorderly conduct, and other unacceptable behaviors, displays involving alcohol containers (bottles, cans, advertisements, cardboard cases, etc.) are not permitted in University residence halls.
Room Furniture

Students accept the responsibility for all University-provided room furnishings. Room furniture may not be stored at home, moved to another room, or taken from the residence halls. Should furniture be removed from the residence halls, the student moving the furniture will be fined and adjudicated for theft of University property (if lost or damaged). All room furniture in the student’s room at the time that the student moves in must remain in the same condition during the year as when the student checks out, as is the case with wall surfaces, windows, window screens, and other University property. The University furniture meets requirements and is up to code. Personal mattresses are not permitted unless medical accommodations are specified by proper documentation through our Office of disAbility Services. Students are not approved to loft/bunk beds in residence halls without prior permission from Residence Life.

Storage

Storage spaces for personal belongings are not available to students, even for temporary situations. All students in need of personal storage need to consult a private company. There are a few locations close to campus that provide storage units.

Trash Disposal

In all residence halls, residents are prohibited from placing their trash cans or bags outside their room doors. All trash is to be carried to the designated trash rooms or dumpster areas. Common area receptacles, such as lounges, laundry rooms, or bathrooms are not for personal garbage collection. Failure to adhere to these procedures may result in disciplinary action and/or fines.

No personal items may be stored in the hallways, including running shoes, sporting gear, etc. Items left will be discarded after 24 hours and the student is responsible for paying to replace the items and/or for any theft of items that may take place.

B. FACILITIES AND MAINTENANCE

Contacting Maintenance and Work Requests

Needed repairs should be reported immediately. Reported repairs are completed as soon as possible. Maintenance personnel may enter student rooms throughout the year to make necessary repairs.

To report a needed repair in any facility, students should make a work request by using one of the following procedures:

Routine maintenance (non-emergency):
From our home page, click the helpdesk at the very bottom. You can then choose maintenance or a help desk ticket.
• Click new incident
• It should pre-fill most of your information
• Complete the category, subject, and description sections (include as much detail as possible to help the person who is looking into your issue)
• You should receive an email with your submitted request – if you don’t, then it may not have submitted properly
• If someone at the help desk or on the maintenance team submits it for you, you should receive a copy in your email
• Click ‘resolution’ on the left to see details about your tickets
• You should receive an email once a ticket is closed
• If you submit a ticket to maintenance that should be for the help desk or vice versa, they will send it to the correct people and you should get an email copy
• To CC anyone (i.e. reslife or your roommates, etc.) fill in the ‘email to notify’ section
• If you click on the ‘Requests’ tab, you will be able to see all of your tickets and sort by resolved or not

If the repair is not done within a reasonable amount of time, please notify Residence Life staff of the problem that hasn’t been resolved. Students should always try to enter their own requests first. Staff will help out if needed.
• Routine repairs include, but are not limited to:
  • Room lighting issues
  • General wear and tear of University furniture (i.e., loose toilet paper dispenser)
  • Improper operations of heating and air conditioning systems (not during extreme heat or cold)
  • Broken washers and dryers
  • Pest control issue

Emergency issues and non-routine maintenance

Emergency issues and non-routine maintenance items should be handled through contacting the Public Safety Office. Public Safety is 24 hours a day and can be reached by calling (267) 341-3333. Emergency issues are those which present hazards to life, health, property, or interruption to utilities (electric, water, gas, heat, etc.) as well as hazards that would cause sufficient disruption to scheduled activities. A few examples of emergencies are: flooding, large leaks, and the smelling of gas.

Cable TV, ID access, and Internet issues should be directed to University Information Technology Services through contacting the Help Desk at (267) 341-3402.

Damage Billing and Vandalism

The cost of any repairs as a result of normal wear and tear will be covered by the University. Repairs that are required because of vandalism or student negligence will be billed to the individual responsible for the damage. In the event that the individual at fault is not found, the building, floor, or hall will be required to share the cost of repairing the damage.

Health and Safety Inspections

At the beginning of each break, Residence Life will conduct a formal health and safety inspection of every resident space. Failure of a health and safety inspection will result in staff follow up and possible judicial action.
In addition to formal inspections, unannounced health, fire, safety or maintenance inspections may be made of residence halls or a resident’s room by University personnel or proper health officials. Maintenance personnel may enter student rooms throughout the year to make necessary repairs, and Residence Life and Maintenance staff will inspect the rooms for damages at the end of the spring semester.

Personal Property Insurance
The University cannot and does not assume responsibility for personal accident, injury, or illness sustained either by residents, guests, or visitors or for any damages, thefts, fire, or loss of any property belonging to a resident’s guest, visitor, or others.

The University does not provide or endorse the sale of any specific insurance products; however, we recommend that students secure adequate insurance through their own or their parents’ homeowner’s or renter’s insurance policy.

C. COMMUNITY LIVING

Academic Atmosphere/Quiet Hours
University residence halls are a place for a living/learning experience. It is important to create an atmosphere where students can be assured they have an appropriate place to study. The University has set in place specific times to ensure the academic well-being of all students living in the residential community. Residents and/or guests may not disturb other residents/guests or interfere with their rights, comforts, or conveniences. Residents may not play any television, radio, or sound system in a loud or objectionable manner that can be heard in the hallway or by neighbors. Courtesy hours are in effect within the residence halls 24 hours a day. We encourage all students to speak with their neighbors respectfully if any noise occurs. During exams, “24 hour quiet hours” are in effect and violations will lead to judicial follow up.

All University housing shall maintain “Quiet Hours” from Sunday-Thursday 8 p.m. to 9 a.m. and Friday-Saturday 10 p.m. to 9 a.m. During quiet hours, no sound should be audible outside of resident rooms. During quiet hours, there should be no excessive or unnecessary noise in rooms, apartments, suites, or hallways, including slamming doors, running, shouting, playing loud music, etc. To maintain a considerate environment, residents are not permitted to store or play items that amplify sound and disturb the surrounding community. These items include, but are not limited to amplifiers, surround sound speakers, subwoofers, air horns, and megaphones. Students may not play musical instruments or throw/bounce balls within the residence halls due to the effects on others in the living area.

Alcohol in Residence Halls
For the health and well-being of the community, alcohol containers (empty or full) are not permitted in rooms, suites, or apartments of any resident regardless of age, and may not be used to decoration. Alcohol, alcohol containers, empty alcohol containers and boxes, and alcohol paraphernalia including, but not limited to kegs, taps, funnels, and beer pong tables are prohibited. The University is a place for academics and does not condone the use or possession of alcohol.

When a student knowingly is in the presence of alcohol being consumed or possessed, the University expects their to do one or more of the following: notify University staff, ask the individual(s) with the alcohol to leave or dispose of the alcohol, or remove him or herself from the situation immediately. All students should recognize that their presence during an alcohol violation will subject them to disciplinary action. See the Help Seeker policy for more information.

Bed Bug Policy
The University is vigilant in treating all signs of Bed Bugs. Prior to the start of the Fall semester all residence halls were deemed clear of bed bugs by an exterminator. In order to ensure that our community is cleared of bed bugs, inspections will occur throughout the academic year. Dates and times of inspections will be communicated to all residents via email to their university issued email accounts. Bed bugs are a common occurrence in hotels, public transportation, homes, and especially in universities where students live with and visit one another. Since it can affect the community, the university will provide washers and dryers for students to launder impacted items. After treatment, if bed bugs are present due to students’ failure to follow instructions and provided timeline, or subsequent reports after determining bed bugs were eliminated, the university reserves the right to charge students the cost of laundry services and/or subsequent treatments of the room.

If you suspect you may have bed bugs, please refer to the following procedures:
1. As soon as any member of the university residential community suspects that bed bugs may be present in their room (look for rust colored spots-indicates fecal matter or blood from being crushed), apartment, suite, or any residence hall common spaces, the Residence Coordinator (RC) should be informed, so the formal process can begin. Security should be notified between the hours of 4PM and 8PM or when the Residence Coordinator is not available, and calls should be made to the Resident Advisor on duty phone (after 8PM).
2. Staff will contact the university’s exterminator to perform a thorough inspection of the area in question. Please note that the exterminator can only be dispatched on business days. It is recommended that students report the concern to the RC as early on a regular business day as possible in order to facilitate the quickest response. It is possible that the exterminator will not be able to come until the next few business days. Students may not, at any time, deny the university’s exterminator or maintenance staff access to their living space (including their bedroom, suite common space, kitchen, bathroom, etc.)
Students should not clean their room or belongings until a technician can determine if there are any signs of bed bugs. If possible, students should try to retrieve a sample bug with clear tape for the exterminator to examine.

1. Inspection: If the technician finds that there are no bedbugs present then no further action will be taken. The student will be asked to continue monitoring the living space and to immediately report any further concerns to the RC.
2. If the technician concludes that bed bugs are present in the room, suite or apartment, Residence Life will provide the affected student(s) with a detailed list of instructions for the removal and laundering of personal items. As this is a community concern, the university will provide strict procedures to follow. The Residence Coordinator will work with students to secure isolated washer and dryers for the treatment of soft items.

Bed Bug Reminders:
- Don’t panic!
- Do not apply pesticides on your own
- Do not move your mattress or any furniture out into the hallway
- Do not go sleep in a friend’s room or in places off-campus. If you have bed bugs, you will only spread them to others
- Do not put your laundry in machines on campus

Only the University’s exterminator can confirm or deny the presence of bed bugs – NOT student health services or any outside person. Bed bugs are a serious community issue, and ALL students are expected to comply with all instructions given to them within 24 hours of bed bug confirmation. Failure to comply with all instructions in the given amount of time will mean student is responsible for all costs of extermination, laundry, and cleaning!

Bed Bug Treatment Checklists for Students
- Bed bugs can travel in clothing, bags, backpacks, laptops, furniture—anything with small spaces to hide. Therefore, all actions should be performed inside your room to prevent the spread of bed bugs.
- Backpacks should be treated as clothing.
- Personal electronics (i.e. cell phones, laptops) should be left on the desktop during treatment so they can be examined.
- Textbooks and study materials should also be left in your room (not bagged) during treatment.

Check with your Residence Coordinator if you have any questions about these instructions.

It is imperative that the following be done after the room has been inspected and the presence of bed bugs have been confirmed, but before room is treated:
- All clothing, including items in your room, dresser, armoire, and closet must be bagged (in black, plastic bags) and laundered.
- All bath linens, bedding, and soft luggage (duffle bags) must be bagged and laundered. The University will provide the bags necessary to accommodate these items. The Residence Coordinator will contact you to coordinate and start the process. When complete, please contact your Residence Coordinator to confirm and then those items can be removed to be laundered. The University will incur the cost to complete the process, except for items that are dry clean only.
- Clean up all clutter; remove all non-furniture items from under beds and discard cardboard boxes (in outside dumpsters).
- Take all items off the floor, including closet floors.
- Move all items (including furniture) into center of room, at least two feet away from the walls.
- Place any small, non-washable items from your closet into a plastic bag and tie the bag off. Leave this in your room until the exterminator treats the room.
- Remove all open food.
- Leave room for at least 5-6 hours following treatment by a professional exterminator. Your Residence Coordinator will coordinate a move with your clean clothes until the room is ready to be reused. Only necessary items that are inspected prior to leaving your space may be moved.
- Clean all clothing on high heat. Bring them back to your room, change into clean clothes, bag up your original outfit, and include that with your bags that need to be laundered.
- Take only necessary items to your new location. They must be checked prior to leaving your original space.

After room, has been treated:
- A second inspection will be administered by the exterminator 7-10 days after the initial treatment.
- Do not mop floor or clean pesticide residue for at least 10 days until the final inspection. You may warm water wipe down plastic bed mattresses and or desks items of residue. The University housekeeping staff will clean and wipe down the room post-inspection.

A staff member will be present for final inspection. Follow-up will be determined as needed.

Prevention Tips:
- Fully inspect your suitcase before you leave to head to college, especially if you have travelled during the summer. Be sure to have washed all clothes in hot water before coming back.
- If you stay at a hotel, always inspect the room before putting your suitcases down. Look for blood splatters on the mattresses, and use a flashlight to look into small, dark spaces.
- Before putting sheets on your residence hall bed, inspect the mattress seams for stains or spots. Thoroughly inspect your entire room before unpacking. If you see something you think is suspicious, contact Residence Life staff.
- Never bring in second-hand or used furniture.
- Always wash in hot water (over 120 degrees) because anything less will not kill the bugs.

Disruptive Behavior
The University reserves the right to reassign or revoke on campus housing or take other necessary action, without a formal hearing, for those students whose behavior is considered disruptive or potentially detrimental to the well-being of the individual, roommates, and/or others in the residential community.
Drug and Drug Paraphernalia
For the health and well-being of the community drugs use, possession, and drug paraphernalia of any kind is prohibited. This includes, but is not limited to bongs, hookahs and vaporizers. Any student found in violation of this policy will face disciplinary action. In some instances, where smell, behavior, and/or paraphernalia most commonly associated with drugs is present (but actual drugs are not), the University considers this a direct result of drug use and may take disciplinary actions under suspicion of drug use.

Emergencies
For health-related emergencies during normal business hours, students should call Public Safety at (267) 341-3333. Public Safety will assess the situation and will call the emergency medical personnel, if needed. Students may also use emergency phones to contact Public Safety. Emergency phones are located on each floor of Stevenson Lane Residence (red phones), and blue light boxes are located outside in locations across campus. These should be used to communicate with Public Safety staff in an emergency. In serious life-or-death emergencies, students should call 911 for local ambulance/fire and then let Public Safety know of the situation. A Public Safety officer will meet with the incoming squad and escort them to the location of the patient. The red phones and emergency boxes should never be used for pranks or non-emergencies (lock-outs). Any student who violates this policy will be held judicially responsible.

Emotional Support Animals/Service Animals/Therapy Animals
Holy Family University aims to foster a healthy and positive experience for all campus community members. The University provides reasonable accommodations to otherwise qualified students with a documented disability in accordance with the Americans with Disabilities Act of 1990 (ADA), the ADA Amendment Act of 2008, Section 504 of the Rehabilitation Act of 1973 and the Fair Housing Act (FHA). Holy Family University accommodates persons with disabilities requiring the assistance of a qualified service or therapy animal. Students with disabilities who intend to seek accommodations should contact the Office of disAbility Services 30 days prior to the start of the semester for which the request is made.

For more information, contact:
The Office of disAbility Services
9801 Frankford Avenue, Campus Center

Definition: Service Animal
A service animal under the ADA is a dog (or miniature horse) that has been trained to work or perform tasks directly related to the person’s disability. “Work or perform tasks” means that the service animal takes a specific action when needed to assist the person with a disability.

Responsibilities of the Student (handler) with the Service Animal
The service animal must be under the control of its handler. A harness, leash or other tether must be used unless the handler is unable because of the disability, to use a harness, leash or other tether or if the use of a harness, leash or other tether interferes with the service animal’s safe, effective performance of the work of task. In such cases, the service animal must remain under the handler’s control, such as voice control.

The student must provide total care and supervision of the service animal. The University is not responsible for the animal’s care or supervision. The student is responsible to clean up after and properly dispose all animal waste, immediately. The animal must not be placed in a location blocking access for others. It is the handler’s responsibility to ensure that the service animal is in good health, clean, free of fleas and ticks and is at all times in compliance with all Pennsylvania State laws and requirements associated with licensing, vaccinations and other health regulations.

Holy Family University may ask a student with a disability to remove a service animal from the premises if the animal is out of control and the student does not take effective action to control it or if the animal is not housebroken.

Documentation and Inquiries regarding Service Animals
The University is permitted to make the following inquiries to determine whether an animal qualifies as a service animal:
• Is the animal required because of a disability
• What work or tasks has the animal been trained to perform

When it is not readily apparent the individual has a disability or an animal is a service animal, the University may require the student to submit documentation from the treating health care provider with the following information in order to make a determination:
• The individual has a disability for which the animal is necessary
• How the animal assists the person, including whether the animal has undergone any training
• The relationship between the disability and the assistance the animal provides

Definition: Emotional Support or Therapy Animal
An “emotional support” or “therapy” animal provides comfort to a person with a disability which alleviates the disability but is not necessarily trained to do “work or perform tasks”. While service animals are recognized under the Rehabilitation Act and ADA, the FHA provides a broader range of therapy or emotional support animals in campus housing. Federal law does not give emotional support or therapy animals’ access to the campus as a whole. While a college or university may be required to reasonably accommodate a therapy animal in a residence hall or campus apartment, the institution is not required to allow that student to bring the animal to other areas or building on campus. A therapy or emotional support animal does not have access to common space within the residence halls, the animal only has access to the specific sleeping area of the owner. The specific therapy animal must be in accordance with allowed animals under Pennsylvania Law, regarding dangerous and exotic animals.
Documentation and Inquiries for Emotional Support and Therapy Animals

Students requesting an emotional support or therapy animal as a reasonable accommodation under FHA must submit documentation from their licensed health care provider. Determination is made on an individual basis. The documentation must contain the following information, from a licensed provider:

1. The specific disability of the individual.
2. The reason(s) the animal is necessary to afford the individual and equal opportunity to use and enjoy a dwelling and the assistance the animal provides.
3. That there is an identifiable relationship or nexus between the disability and the assistance the animal provides.

Responsibilities of the Student with the Emotional Support or Therapy Animal

The student is responsible for the care and supervision of the emotional support or therapy animal. The University is not responsible for the animal’s care or supervision. The student is responsible to clean up after and properly dispose of their animal’s waste, while on campus. It is the student’s responsibility to ensure the animal is in good health, clean, free of fleas and ticks and is at all times in compliance with all Pennsylvania State Laws and requirements associated with licensing, vaccinations and other health regulations.

Student Responsibilities

All granted requests may be revoked if a student with an emotional support or therapy animal does not follow the standards of behavior listed below:

1. The owner is responsible for assuring that the approved animal does not interfere with the routine activities of the residence.
2. The owner is financially responsible for the actions of the approved animal, including bodily injury or property damage. The owner is expected to cover the costs associated with property damage.
3. The owner’s residence may be inspected for fleas and/or other pests in accordance with residence life policy. In addition, the owner’s residence may be inspected for fleas, and or other pests on an as needed basis, if concerns arise. The owner will be billed for any pest treatment above standard pest management.
4. Emotional support or therapy animals must remain in the student’s residential sleeping area at all times and are not permitted to be in any common space.
5. When “out for normal care” the animal must remain on the least or harness. Animals are not permitted on University property other than the residence hall. Cleanup of all animal waste must be done immediately and with proper disposal practices.
6. Owners are responsible for daily care, food and water.
7. Animals must not be allowed to disrupt others by barking continuously, growling, scratching, etc.
8. Residents in the possession of emotional support or therapy animals must take the proper precautions to ensure that other residents and Residence Life Staff are not harmed from the animal. Any animal that threatens or injures another person on campus will be subject to removal. The owner of an animal that injures another person on campus is liable for the actions of the animal. Holy Family University bears no responsibility in this liability.
9. Animals and animal owners who do not follow the standards of behavior are subject to disciplinary action and/or removal of the animal from University Housing.
10. The owner must keep a sign on the door that notifies others that an animal resides in the room and that individuals entering must use caution.
11. Animals must be taken with student if they leave for overnight. No animal may be left with another on-campus resident, regardless if they have also received approval for an assistance animal. All emotional support and therapy animals’ requests apply only to the animal for which a student has been approved.
12. The owner agrees to continue to abide by all residential policies.
13. Should the approved animal be removed, the student is expected to fulfill their housing obligations for the remainder of the housing contract.

The owner must notify the Office of disAbility Services in writing if the approved animal is no longer needed as an approved animal or is no longer in residence. To replace an approved animal, the student must submit a new request.

Holy Family University may ask a student with a disability to remove an emotional support or therapy animal from the premises if the animal is out of control and the student does not take effective action to control it or if the animal is not housebroken.

Required Forms

If a request is granted, the student must sign certain forms, regarding the outlined rules and procedures. The student must also provide a copy of all required immunization records, licenses for the animal, a veterinarian report that the animal (if applicable) has been spayed or neutered and a certificate that the animal is healthy and free from any signs of infection or contagious disease, parasites, etc.

Grievance Procedure

Students who wish to appeal a denied request for use of an emotional support or therapy animal or service animal should refer to procedures related to Section 504/ADA and the appropriate Coordinator.

Removal of Animal

Service animals, emotional support or therapy animals may be removed from the residence halls for the following reasons:

- If an animal is considered a direct and substantial threat to the health and safety of individuals or itself, animal control will be summoned to remove the animal immediately. This may occur as the result of a very ill animal, a substantial lack of cleanliness of the animal, animal found to be left alone for an extended period of time, or the presence of an animal in a sensitive area like mechanical or industrial areas.
- Animals and animal owners who do not follow the standards of behavior are subject to disciplinary action and/or removal of the animal from University Housing.
Animal Allergic Response
Some students may have an allergic reaction to animals that are substantial enough to qualify as a disability. The University will consider the needs of both persons in meeting its obligations to reasonably accommodate all disabilities and to resolve the problem as efficiently and as timely as possible. Any student requesting allergy accommodations must contact the Office of disAbility Services.

Etiquette towards service, emotional support or therapy animals on campus
• Do not touch the animal without asking permission first. This is a distraction and may prevent the animal from tending to the human partner.
• Do not feed the animal.
• Speak to the person, not the assistance animal. Most handlers do not mind talking about assistance animals if they have the time.
• Do not startle the animal.
• Never make assumptions about the individual’s intelligence, feelings or capabilities. Offers of help are appreciated, but ask first.
• Always approach an animal calmly.
• Do not separate or attempt to separate an owner from their animal.

Fire Safety Precaution
All University residences are smoke-free. Students found smoking in the residence halls will face disciplinary action. Smoking is prohibited within 25 feet of any University residence hall building entrance or exit, and under any covered walkway or building overhang. The University holds routine fire safety drills in accordance with Pennsylvania State Law, and all residents are expected to participate. Students may not disregard a fire alarm or refuse to evacuate a building in which an alarm is sounding, regardless of its nature (drill, false alarm, or actual alert). Student and/or students’ guests who tamper with alarms, fire safety equipment, who fail to leave during alarms, or cause a fire due to carelessness will face stern disciplinary action. This may include termination of University housing and/or referral to civil authorities. Initiating a false fire alarm is a clear violation of the University’s code of conduct and will be adjudicated as such.

Fire safety is EVERYONE’S responsibility. Students have to be aware that carelessness affects not only their safety, but that of members of the community. Any false alarm or abuse of fire safety equipment will result in fines or suspension of guest privileges to the hall or building where the abuse takes place, unless the individual responsible can be identified. In cases where those responsible are identified, the individual(s) will be adjudicated and may be arrested. Therefore, students must understand that they are responsible for instances in which they create fire hazards in the residence halls. All residents must pay close attention to fire hazards.

Due to the safety of the community, students are not permitted to:
• Possess candles and incense. Open flame devices of any kind are prohibited which could include candles, candle melters/burners, lanterns, and incense, etc. This includes candles that have never been used.
• Possess improper light fixtures: i.e. halogen or quartz bulbs, black lights, lava lamps, medusa lamps with plastic shades, rope lighting (clear tubing that goes over the lights), or electrical decorations that are not UL approved.
• Use unapproved electrical appliances: hot plates, electric frying pans, sandwich makers, waffle irons, Forman grills, crock pots, toaster ovens, and portable heaters as well as any appliances such as irons and coffee makers without automatic shut-off options. Residents may have refrigerators in their room that are UL approved and have a capacity of no more than 3 cubic feet. Microwaves are permitted in the kitchens of the Garden Apartments as well as in Stevenson Lane Residence rooms. Microwaves are in the kitchenettes on every floor in Stevenson Lane.
• Cover exterior of room door with flammable decorations, cover vents, or cover lights.
• Use non-fire retardant window coverings. If students wish to add or provide their own window coverings, they must meet the same standards as the University. Documentation/verification of retardant fire products will be required.
• Hang items or decorations improperly. This includes hanging items from fire sprinkler heads, heat detectors/ smoke detectors, and also from lights or ceilings, or using tape/nails, etc. that will cause damage to the walls.
• Hang lights out of windows, over window coverings (especially curtains) or over doorways.
• Overload electrical outlets or use multi-plug outlet cubes or extension cords. Students must use surge protectors only.
• Run electrical cords or wires under carpets, through door jams, or under doors.
• Store or use illegal or harmful items (i.e., excessive trash, garbage, paper, flammable items [paint, fuel, lighter fluid, etc.], explosive devices [fireworks, firearms, weapons]).
• Use open flames inside or outside buildings, such as barbecues or fire pits.
• Possess live Christmas trees.
• Store bicycles or large items in rooms, hallways, common areas, or walkways. Bicycles should only be stored outside and locked to a bike rack. Bike racks are located across campus and students are responsible for supplying locks and/or coverings when bad weather occurs.

This list is not all-inclusive. Additional items may be added as deemed necessary by University personnel or as outlined in the University’s housing contract.

Residents may not tamper with or alter the following in University resident buildings:
• Structure
• Plumbing
• Wiring
• Fire Safety Apparatus such as smoke detectors, heat detectors, sprinkler heads, or CO detectors.
• Locks on doors or windows
• Door closures
• Exit signs
• Fire Extinguishers

It is the responsibility of the students to be sure all unused appliances are turned off when finished, and that they are using all appliances safely and properly. This includes items in common areas.
The University periodically conducts health and safety inspections to prevent fire safety violations. Misuse or abuse of fire safety equipment is taken very seriously. Tampering with fire or safety equipment will result in disciplinary actions being taken.

Because this is a community issue, it is the responsibility of the community to ensure any violation of this nature does not occur. If individuals responsible cannot be identified, the fine will be divided among all members of the respective residence hall. Therefore, any person possessing information related to incidents of misuse or abuse of fire safety equipment is to notify Public Safety or Residence Life immediately.

Help Seeker Policy
The welfare of each person in the Holy Family University community is paramount, and Holy Family encourages students to offer help and assistance to others in need. In an effort to alleviate concerns of disciplinary action for those who seek help for others, the University has enacted a help seeker policy.

Students are expected to immediately report conduct or activity which poses a danger to the community or its members. For example, all students are expected to seek appropriate assistance for themselves or others in situations where help is needed to ensure proper care of a person who is significantly intoxicated or under the influence of drugs. Students should not hesitate to seek help because of fear of disciplinary action.

In most circumstances, the help seeker will not be charged with a policy violation under the University Code of Conduct. However, help seekers may still be required to meet with a University hearing officer regarding the incident for administrative follow up. In rare circumstances, such as cases of repeated, flagrant, or serious violations of the University Code of Conduct (e.g., bodily harm, sexual misconduct, physical or verbal abuse or harassment, distribution of drugs, hazing, theft) or violations that caused the harm to another person requiring emergency response, a student’s behavior may warrant going through the judicial process.

Indoor Athletic Activities
The playing of athletic games or “hall sports” is prohibited within the residence halls due to the potential for personal injury, elevated noise levels, and damages that often occur to the facilities as a result of such activity. Prohibited activities include, but are not limited to, rollerblading/skating, skateboarding, tag, frisbee, football, soccer, basketball, baseball, hockey, darts, etc. Students should be aware that bouncing of balls off the walls/floors echoes and is prohibited due to its disruption to the community. We encourage students to inform one another when these activities are negatively affecting them. Skateboards and hoverboards are not permitted in the halls.

Meal Plan
Meal plans are open to all students, both residential and commuter. First-year resident students must be on the 10, 14, or 19 meal plan. Students cannot obtain a meal unless they have an ID card to swipe or pay cash/credit at the register. Students are not permitted to just enter their ID number and not present an actual ID card to dining staff to use their meal plan. Students living in Stevenson Lane Residence are required to have a meal plan. Garden Apartment residents can choose any meal plan, or no meal plan, since full kitchens are available in the apartments. Students found lending their ID cards out for use of purchasing of meals will be subject to disciplinary action. If a student’s meal plan isn’t working on their card, they should see the Help Desk staff first and then the Business Office to ensure the plan is on their card correctly. It is the student's responsibility to do so.

To cancel or change a meal plan, a student should email reslife@holyfamily.edu with the request. Changes should only be made prior to a semester starting. Within the first two weeks, students canceling their meal plan will only receive 80 percent of the cost refunded minus any dining dollars used within the time frame. There are no refunds given to students after the second week of classes for any changes or cancellations of meal plans. Students who need accommodations and cannot use the meal plan should contact the Office of disAbility Services Office.

Pet Policy
Due to health concerns associated with animals living in the residence halls, the only pets that are permitted are fish in tanks no larger than 5 gallons. Only one tank per person, per room, is permitted. No other pets are permitted, including pets visiting from home. Students must take fish home with them whenever they leave for break periods. Staff is not responsible for maintaining fish tanks or feeding them. Violation of this policy will result in disciplinary action.

Posting Policy
Any flyers or advertisements students wish to hang in the residence halls must be approved by the Student Engagement Office and Residence Life professional staff member prior to posting. Please see our University’s Posting and Advertising policy for more information.

Release of Information
Periodically, individuals and companies that contact the Office of Residence Life seek addresses and telephone numbers of resident students. Residence Life will not release the campus address and telephone numbers of any resident student, except sometimes for room/roommate assignment notification purposes. Holy Family email addresses will be shared during roommate notifications. Information may also be released for emergency purposes.

Residence Hall Security
For the safety of the residential community, only authorized individuals are permitted in the University’s residence halls. Students are expected to report any unauthorized persons to Public Safety (267-341-3333). For the safety and security of all residents and their personal property, there is a Public Safety officer stationed at the front lobby of each non-apartment residence hall. All students are required to present a Holy Family University identification card upon entering the residence. All guests of residents must also have proper photo ID to enter. Students residing in the Garden Apartments have the added
responsibility of keeping their facilities secure since Public Safety officers are not stationed in these areas. However, Public Safety will make periodic rounds through these areas and across campus. All doors to residence halls should be locked upon closing, requiring an ID card or key to enter any facility. Thus, residents should always be sure to close and lock doors behind them, as well as prevent anything from propping open fire exit doors, front doors, or back doors. All students are encouraged to let Public Safety know if doors are not properly functioning and/or if there is anything suspicious going on near the buildings, such as a strange person trying to gain access.

As a safety precaution, students are not permitted on the residence halls’ and apartments’ roofs or awnings. Outside TV or external radio antennas/dishes and internet devices are prohibited. Residents are not permitted to raise or remove window screens. As a security precaution, students cannot lean out windows, hang banners, and drape towels or other apparel outside of the windows. The throwing of any object from windows is also prohibited, as it can cause serious injury to persons below. Nothing can be hung in windows including signs, stickers, neon lights, etc. If students are found propping open fire exit doors, front, back and/or side doors of the apartments or residence halls, it will result in judicial follow up. Residence Life and Public Safety work constantly to ensure the safety of all residents. The most secure facilities are those in which residents exercise common sense and have a genuine concern for other residents.

Residence Life Communication
With the technology available to students, it is imperative that students keep up-to-date with the University and the information sent out to its students. The University will make a reasonable attempt to provide all students with the proper and necessary information. It is the student’s responsibility to keep up-to-date with all University communications, to be properly informed, and to enhance their college experiences. The Canvas course titled “Res Life 101” is also designed to keep residents informed, provide important information and documents, and to announce programs that are happening.

Holy Family University will use the email accounts distributed by the University as the main way of communicating with all students. Students are responsible for checking their University email accounts. Bulletin Boards are located on each floor of the residence halls and in central locations in the apartment areas. These bulletin boards are used by Resident Advisors and the Office of Residence Life and often are used to distribute important information to residents. Bulletin boards are present as an effort to improve community, disseminate information, and educate residents.

In addition, all residents also have a campus mailbox where they can receive mail, as well as the mailroom on the first floor of Holy Family Hall where they can send and receive packages. Information will be given at the beginning of the semester to each student regarding how to access their box, as well as how to address and receive mail. It is up to the student to check their mailbox often. Some offices use the campus mailbox as an important communication tool in addition of email. During break periods, students must make sure that their home address is being used to ensure all mail is received at the appropriate location. During summer break, all mail sent to campus will be returned to sender. Each year a student will receive a different mailbox, depending on where the student resides on campus. It is important that students keep all mail information up-to-date and accurate.

The Holy Family University Alert System allows students, parents, faculty, and staff to receive updates and campus-wide alerts on users’ cell phones and email. The system will add another immediate mechanism to the existing methods that the University has in place to alert the community to an emergency situation or inclement weather conditions. The University will not send any form of advertising or other unsolicited content. Please note that subscribers to this alert system will pay no fees for the service, other than any regular fees associated with text messaging services. Those who participate in this service will need to unsubscribe after graduation or upon leaving the University.

Resident Advisors (RAs)
The RAs are undergraduate students selected by Residence Life and directly supervised by the Residence Coordinator, who oversees the daily operations of both residential areas. The RAs work to facilitate the development of community on their floors by organizing programs and activities, assisting individual students and building community, and helping with students in crisis. Another important responsibility of the RAs is to uphold all university and residential policies and community standards. RAs can be expected to provide important information to their residents, inclusiveness for all members of their community, help resolve conflicts between roommates or floor mates, and to address the behavior of floor members who are infringing upon the rights of others. RAs provide duty coverage on a rotating daily basis. RA duty begins at 8:00 p.m. and end at 8:00 a.m. daily. While on duty, RAs will conduct rounds of the buildings or areas at various times of the night, assist students when necessary, and document inappropriate student behavior or building facilities issues. In order to contact the RA on duty, students may stop by the RA on duty’s room during the above hours or call the appropriate RA duty number posted in the residence halls. The RA on duty may not be in the residence hall of the student in need, so contacting the RA duty phone is the best method of communication. If a student needs help prior to 8PM, they should contact Public Safety. A student with an emergency should contact Public Safety to inform them of the situation.

Room Access/Search Policy
To assure individuals of reasonable privacy and to protect the well-being of the community, Residence Life has adopted the following procedures regarding access/search of University rooms occupied by students. In an attempt to ensure safety, health and welfare for all persons and property, authorized University personnel may enter a student’s room. In a situation where there is reasonable suspicion of an illegal act, rooms may be entered by Public Safety and/or Residence Life staff. Rooms may also be entered for maintenance, repairs, or safety inspections. Personnel will announce themselves prior to entering a room. If any contraband or items of suspicious nature are discovered by University personnel while conducting a maintenance or safety inspection, judicial follow up will occur with the student(s) in whose room it was found. Any illegal substance or material will be turned over to the police.
ID Cards, Keys, and Lock-Out Procedures
Each student receives an ID card and a key to their room at the time of check-in to the residence halls. Garden Apartment residents will also receive a mail key per apartment. Students may not duplicate their room and mail keys under any circumstances. All students are reminded to lock their doors at all times and to carry their key with them. When keys are lost or stolen, the student should notify Residence Life staff immediately.
The student will be billed $85 for the key replacement and/or lock change. In addition, students may not lend their ID cards to anyone for any purpose. This includes guests and visiting family members. Any student found, in possession of, using another student's ID, or lending their ID to someone else will be held judicially responsible. This includes pretending to be the student in the photo ID picture.

Should a key break off in a lock or stop working, the student will not be charged for a new key. The student must bring the pieces of the key (or the operative key) to the Office of Residence Life. Otherwise, the student will be billed for a lost or stolen key. Students must return their keys through the check-out system at the end of the school year, when changing rooms, or when leaving the institution permanently. When a key is lost, a student must ask for a new key immediately for their safety, for the safety of their belongings, and the safety of their roommates. The student will be billed $85 if no key is returned during check-out, and to replace a lost key throughout the year. A temporary key will be issued if a key is lost or broken until the issue is permanently fixed.

Residents should not rely on other services to grant them access or key into their room. In case of an emergency, and if all other options are exhausted, the University offers the following suggestions if a resident is locked out of his/her room. Subsequent lock-outs may result in a fine or disciplinary action.

• During Residence Life Office Hours (Monday – Friday 8am – 4pm), residents can receive a loaner key by contacting Residence Life staff. All loaner keys can be loaned to a student for a period of 48 hours. If a loaner key is not returned in 48 hours, the room key is considered lost and a new key and core are ordered at the student’s expense.

• During Resident Advisor duty hours’ residents can contact the RA on duty. Students will be required to show identification upon entering the room. Subsequent lock-outs may result in a fine or disciplinary action.

• On off-peak times Public Safety will respond to lock-out calls depending on priority of responsibility and availability.

Any student who is in possession of another student’s ID card or room key will be held judicially accountable. For safety reasons, students should never lend these valuable items out to anyone, even friends/relatives. If any student loses a room key or their ID, the student should report it immediately. Students who lose their ID card should report it and go to the Help Desk to get a new card as soon as possible. There is a $10 fee to replace a lost ID card. If a student feels they have left the ID card somewhere or knows it is off campus, the student should notify Residence Life so that the access can be shut off until the ID is returned to the owner. University staff will not continuously let a student into his/her room because a student has lost a key or ID card and refuses to get a new one. Residence Life will bill the student’s account and get a new card issued if this situation occurs.

Solicitation
Any group which is not affiliated with the University and seeks to solicit in residence halls must be approved by the Office of Residence Life. Any campus clubs, organizations, or residence hall groups wishing to sell items for fundraising purposes must also have the approval of the Office of Residence Life. Students may not use their residence hall rooms as a principal place of business. Any student who suspects that an individual or a group is soliciting illegally should contact their Resident Advisor immediately and/or contact the Office of Residence Life or Public Safety.

Vandalism
Holy Family University operates under a code of conduct. When that code is violated, as in the case of vandalism, the University may impose fines to help offset the cost of damages or repairs to the community. Residence Life levies certain fines in order to deter students from dangerous and negative behavior in our residential community. Fines may be imposed singularly or in conjunction with other disciplinary actions.

Visitation and Guests
The University’s policies on guests and visitation are anchored in a concern for residence hall security, privacy rights of roommates and building residents, and the maintenance of an atmosphere conducive to academic achievement. Hosting guests is a privilege, not a right, which can facilitate personal and social development and enhance the quality of life on campus. The University has set the following policies concerning registering guests and visitation hours. A guest is a person who is not an occupant of the room in which they are present.

Minor Guest Policy
Any guest who is not a resident of the facility that has entered must be signed in by a resident of that facility. Children under 18 years and younger are not permitted to sign into a University residence hall without a parent/legal guardian and are not permitted to stay in University residence halls past 10PM unless approved by Residence Life for University functions (i.e., admissions overnight and/or athletic recruiting visits). Babysitting of minor family members or friends is not permitted in the halls, even with written parental permission. Holy Family does not offer family housing, but in the event that the resident student is the parent, the minor must still be with the resident at all times and must leave by 10PM. If any child becomes a distraction in the residence halls, the child can be asked to leave and/or be barred from entering, depending on the situation. Please note that all overnight guests must be the same gender as the host student. Any student who is not a resident of the facility that has entered must be signed in by a resident of that facility. The non-resident must surrender their identification card to the desk officer. Any guest who is not a member of the University community must provide photo identification to be signed into the residence facility. Guests who do not have proper photo identification (such as a driver’s license or student identification from another college or university) cannot be signed into the facility as a guest. Public Safety has the ability to accept or deny identification as valid. Signing in and guest registration is only valid in the building in which the host...
resides. Residents signed in are limited to a 48-hour period, and a guest cannot exceed 4 nights over the course of a month. These four overnights may not be done back-to-back and breaks must be taken between 48 hour periods at minimum of 3 days. Each time a guest leaves the host’s building, the guest must sign out. Subsequent visits will require the host to register and sign his/her guest in again. Male guests may be hosted overnight only in rooms reserved for men; female guests may be hosted overnight only in rooms reserved for women. Permission of the room’s other occupant(s) must be obtained by the hosting student for an overnight guest. A guest is considered to be overnight, if the guest stays past midnight or 2AM, depending on the visiting hours of that day.

The hosting of guests in individual rooms must not interfere with the roommates’ use of the room. Residents are responsible for their guest’s behavior and observance of the University rules in rooms and throughout the residence halls and on campus. A resident may lose their guest privileges if a guest is involved in a violation of University policy. Violation of the guest policy will render students subject to disciplinary action. Residence Life suspends guest privileges during University break periods, even if the residence hall is housing students during the break period. The University reserves the right to remove a guest who has violated University regulations. Sleeping in student lounges and other public spaces is prohibited.

Guests who have been removed from campus and return are viewed as trespassers and are subject to arrest. The occupants of an individual room/apartment may wish to set more guidelines pertinent to guests and may do so as long as they stay within University policies. For assistance, please seek out a Resident Advisor and consult the roommate agreement form.

Stevenson Lane Residence Guest Registration
Each resident student is permitted to sign-in two guests (visitors who are not building residents). In order to facilitate this privilege, Public Safety has initiated the following procedures:

1. Registering a guest is only valid in the building in which they were signed into, not in any other campus residence facility. The host must meet the guest and escort them into the building to sign in. Proper Photo ID is required of the guest.
2. The guest must be with the host at all times.
3. The guest can retrieve their photo identification by signing out at the security desk.
4. The guest and sign-in policy does not allow for in and out privileges. All non-residents must sign-out every time they leave the building and sign in again if they return. It is the responsibility of the host to ensure that guests sign out when their visit is over.

Students who sign in a guest for another student, or who knowingly violate the guest policy, will be held judicially responsible. No student should sign anyone in who is not their guest and who they are not hosting during the duration of their stay.

Garden Apartments Guest Registration Policy
Since there is no Public Safety office to sign guests in and out, guest procedures in the Garden Residence Apartments offer additional flexibility and privileges to those students living in this area. With additional flexibility and privileges comes additional responsibility to know and understand the policies and procedures listed in the student handbook.

Students who are not following the guest/visitation policies, and who live in the Gardens, will go through the judicial process just as students who live in Stevenson Lane will do.

Visitation Policy
Accordingly, visitation hours for residence halls are established as follows:

**Same Gender Guests:** 24-hour visitation privileges for same gender guests will be granted to residents with the understanding that they have signed in their guest consistent with the Guest and Sign-in Policy.

**Opposite Gender Guests:** Guests of the opposite gender are permitted in residents’ rooms and suites only during visitation hours. Visitation hours are 8:00 a.m. to 12:00 a.m. on Sunday-Thursday, and 8:00 a.m. to 2:00 a.m. on Friday-Saturday. For Garden Apartments, the visitation hours apply to the entire apartment, not just resident rooms.

Occupancy Policy
Each resident can have up to two guests (according to the guest policy) at a time. The occupancy of each space may not allow for every resident in the apartment or room to have two guests at one time. The maximum occupancy in any SLR suite is 9 people and in an apartment is 10.

SLR students who want to have visits from their parents and/or siblings, may sign in more than two people, but all guests must remain in the first floor game room or large, TV lounge on the first floor of SLR. These family members still must abide by guest/visitation hours and all other University policies. The student host must remain with these family members at all times.
