

# Art

Holy Family is proud to offer students a highly supportive learning environment that values their personal and professional goals. Students in our Art program thrive in our small yet challenging learning environment. We believe in educating beyond the classroom and providing opportunities for hands-on experience, which is a key component of your college education.

## Studio and Gallery Facilities

As an art student, you will develop creative thinking abilities while building technical art-making skills. The studio classes are small, and all art students are provided with studio space to work on their projects. In addition, Holy Family's Art Gallery gives students a chance to participate in the exhibition process.

## What Can You Do With This Major?

In addition to those students who go on to pursue studies in graduate programs and careers in education, many of our graduates have found careers as:

- Art Historians
- Art Therapists
- Graphic Designers
- Interior Designers
- Museum Directors
- Studio Artists

## Major Coursework

The Art program prepares students for an intelligent study and understanding of the arts. Seminars in your junior and senior years enable you to produce individual creative projects in the specialties of your choice. Other coursework includes:

- Two- and Three-Dimensional Design
- Drawing and Composition
- Drawing from Life
- Painting I & II
- Sculpture I & II
- Ceramics I & II
- Printmaking I & II

# Art/ Secondary Education

Holy Family University is proud to offer students a highly supportive learning environment that values their personal and professional goals. Small classes and a challenging learning environment allow students to thrive. We educate beyond the classroom and provide opportunities for hands-on experience, a key component of your college education.

Our secondary teacher education program is designed to prepare you for a teaching career at the middle or high school level. Upon graduation from this program, you will qualify for the Pennsylvania Instructional I Certificate. This enables you to teach grades seven through twelve.

## Field Experience

Holy Family provides students with many opportunities to gain classroom and teaching experience. Our comprehensive field placement program connects students with a variety of field experiences from freshman through senior year.

### Freshman and Sophomore Year—Observations

Holy Family's "Observation" experiences let students visit a wide variety of teaching environments. You will have the opportunity to visit public, parochial, private and charter schools. Through your own reflective journaling, you will relate what you are learning to the classes you're taking in your first and/or second years.

### Junior Year—The Practicum

Junior year Practicum deepens your classroom experience. You'll be placed one full day a week in a school working in a classroom under the supervision of a master teacher. You'll do assignments, write lesson plans, teach several classes, and work with technology in the classroom.

### Senior Year—Student Teaching

In your final year, as required by the Pennsylvania Department of Education, you'll do your "Student Teaching"—a full-time supervised semester in which you will gradually assume the full classroom responsibilities of your student teaching placement.
